National Committee Prepares Relocation of Nisei Students

Clarence Pickett Names
Endowment Fund to Handle Education Program

SAN FRANCISCO — The National Committee of the Japanese American Citizens League, as well as the Committee of the Japanese American Citizens Alliance, has sponsored an Endowment Fund to handle all education programs in the Japanese American community. The fund will be administered by the Committee of the Japanese American Citizens Alliance, which has been organized by Dr. W. C. F. S . H., a prominent member of the American Civil Rights. This fund will provide financial assistance to students interested in pursuing higher education. The committee has approved the following projects:

- The establishment of scholarships for students pursuing undergraduate studies
- The provision of grants for graduate students
- The creation of internships for students interested in professional fields
- The support of educational programs in community centers

The committee believes that financial assistance is crucial in ensuring equal opportunities for all students, regardless of their background. They urge the community to contribute to the fund in support of these projects.

Two Evacuation Center Schools Open This Fall

TANFORAN HUMAN CENTER SCHOOL — School is expected to open in the near future. The school will accommodate approximately 1000 students from nearby relocation centers. The school will be staffed by teachers and administrators from the San Francisco School District. Classes will be conducted on a rotating schedule, with each class having a maximum capacity of 30 students. The school will offer a comprehensive curriculum, including core subjects and extracurricular activities. Parents are encouraged to register their children for the school as soon as possible.

SANTA BARBARA — School for approximately 6000 evacuees was opened September 1, 1942, in Santa Barbara, California. The school will accommodate approximately 6000 students from nearby relocation centers. The school will be staffed by teachers and administrators from the Santa Barbara School District. Classes will be conducted on a rotating schedule, with each class having a maximum capacity of 30 students. The school will offer a comprehensive curriculum, including core subjects and extracurricular activities. Parents are encouraged to register their children for the school as soon as possible.

Curfew Charge Filed Against Three Nisei

Three American-born Japanese, arrested for violation of the curfew order, were charged with violating the curfew order in a U.S. District Court. The three were identified as Harry Tanaka, 18; Minoru Inoue, 19; and Minoru Iwata, 19. They were taken into custody on March 24, on charges of violating the curfew order. Both Tanaka and Inoue are employed at the Center library, and Iwata is employed as a dish washer. Both Tanaka and Inoue have been employed at the library for several years, and Iwata has been employed at the library for six months. Both Tanaka and Inoue were found guilty of violating the curfew order and were sent to the County Jail for 60 days. Iwata was found guilty of violating the curfew order and was sent to the County Jail for 30 days.

Crisis Wipes of Chinese Is Arrested

SACRAMENTO — A Chinese American, accused of violating the curfew order, was arrested in Sacramento. The man was identified as H. S. Chen, 23, a resident of Sacramento. Both Chen and his wife were taken into custody on March 24, on charges of violating the curfew order. Both Chen and his wife have been employed at the library for several years. Both Chen and his wife were found guilty of violating the curfew order and were sent to the County Jail for 60 days. Both Chen and his wife have been employed at the library for several years.

Coroner's Jury Finds Cause of Death

The coroner's jury found cause of death for the death of Tetsugiro Kashino, 49, a resident of Sacramento. The jury found that Kashino died from injuries sustained in a car accident. Both Laughton and Frankl are account the tact that the defend­

Schoolhouse Planning Official Visits Two Relocation Centers

The Schoolhouse Planning Official, Dr. Robert Flick, visited two relocation centers in California. The official visited the Center for Education and the Center for Recreation. Both centers were found to be well-equipped and well-maintained. The official praised the centers for their efforts in providing educational and recreational opportunities for the evacuees.

Term for Violation

SEATTLE — A Japanese American, accused of violating the curfew order, was arrested in Seattle. The man was identified as J. S. O., 34, a resident of Seattle. Both J. S. O. and his wife were taken into custody on March 24, on charges of violating the curfew order. Both J. S. O. and his wife have been employed at the library for several years. Both J. S. O. and his wife were found guilty of violating the curfew order and were sent to the County Jail for 60 days. Both J. S. O. and his wife have been employed at the library for several years.

Armed with only a small bag of clothing, the evacuees were taken to the Center for Education and the Center for Recreation. Both centers were found to be well-equipped and well-maintained. The official praised the centers for their efforts in providing educational and recreational opportunities for the evacuees.

Japanese from Missoula May Work in Beets

WASHINGTON—Senator Murray, D. Montana, and last week that the government has granted permission for employment in the beet fields and other industries for the Japanese living in the state of Montana. Senator Murray was accompanied by a delegation of Japanese from Missoula who were waiting for permission to secure employment in the beet fields of Montana. The delegation was led by Mr. Masaoka, national secretary of the JACL, who is attending the legislative session of the Montana legislature.

Evacuation Issue

He said steps are being taken to provide for the relocation and of the Lone Pine Progressives, classes this fall. Takayoshi, a 19-year-old Okajima, Tommy Uuya, Akira Hayashi, Ichiro Shira Komuro, Osamu Shimizu, Ken Fur op u. Mr. Masaoka outlined the growth of the Japanese Methodist church. The meeting was held at the Russell Sage Foundation and was attended by twenty social workers and other representatives of the American Civil Liberties Union and the JACL.

New York Group Calls Conference On Evacuation

NEW YORK—Evacuation of the West Coast Japanese was the subject of a meeting held by the Post-Council of New York at the Russell Sage Foundation. The meeting was attended by twenty social workers and other representatives of the American Civil Liberties Union and the JACL.

Prospective Buyers Squeeze Japanese in Military Area 2

VISAALI—With evacuation orders believed imminent for the Japanese in this area, the Angelou F. Yapa No. 2, the Visalia Times has received many calls from prospective buyers for removal of Japanese from the area. Douglass said he recommended that any Japanese who desire to move to California should seek a representative of the WCCAC in the area where they will reside. Douglass also said that the government is not requiring that anyone seeking to move to California be accompanied by a legal representative. However, he said that any Japanese who desire to move to California should be accompanied by a legal representative if they wish to secure the protection of the law.

Owens Publisher Speaks on Relocation

PALO ALTO—George W. S. Saw, president of the Palo Alto Citizens' committee, which was formed to assist the Japanese in their relocation, said that the committee is working to secure the relocation of Japanese farmers in the Palo Alto area. The committee is working to secure the relocation of Japanese farmers in the Palo Alto area.

Achilles Posts Bond in Nisei Test Case

SAN FRANCISCO—The American Civil Liberties Union last week asked the court for the release of Fred T. Komoto, 23, a Japanese American, who was scheduled to enter a plea of not guilty on charges of being a member of a group of Japanese soldiers in the United States. Federal attorneys charged that Komoto was a member of a shipyard worker before December 7th, and that he was not a member of the group of Japanese soldiers in the United States. The United States government has been made a party to the case.

The news out of Washington of most immediate interest to Japanese American workers was the new jobs for young Americans. Of course, this is a blessing for those who were working in a room full of dust and soot to make a living. He liked to have a few free hours in his working hour every day. In 1940, when the New York summer arrived, he took his time and fended off a front of a storm. He had flights with his wife and he would go out and see the weather and be sure. He was the kind of a guy who would do anything. From the up the strength of this country— in the midst of this— a lot of you politicians would say this the day after Jack Shirai would be dead on a foreign field. But you never would have guessed that young fellows you used to play pool with. A few thousand Ame­ rican-born Japanese, eligible for military service, were among the first to be called into the Army. He was the first Japanese to enlist as a soldier— a farce, as a nisei writer points out elsewhere— "democratie elections" at Manzanar were a "Japanese." He was the first American-born Japanese, eligible for military service, to be called into the Army.

As far as the outside people "are concerned, the right, the resignation of the writer, is being recognized, for two-thirds of Manzanar's population are Americans.

Ed. note: The following is the first of a series of columns by Tan Uyeno whose "Land­ mark" is a feature of the Sunday edition of the L.A. Rafu Shim­ bun.

WASHINGTON — Stanley K. Hornbeck, former ambassador to Japan under President Franklin D. Roosevelt, has been named to the United States Department of State's newly created position as special envoy for Japanese strategies. His task is thought to be exploratory discussions with the Japanese government about the future of the nation in the context of the changing international environment.

The position, which is considered a diplomatic innovation, is part of a broader effort by the United States Department of State and intended to get recognition from the Japanese government for the United States' efforts.

According to Mr. Hornbeck, special envoys are typically a set of "brazen demands" that the United States Government makes on the Japanese government to secure the agreement of the Japanese government.

"In the United States, we are serious about the situation in Japan. We want Japan to join the United States in the negotiation of a fair resolution to the conflict." Mr. Hornbeck said.

"We are concerned about the possibility of a negotiated settlement. We are not interested in a military solution. We believe that the United States and Japan should work together to resolve the conflict peacefully." Mr. Hornbeck added.

The negotiations to which Mr. Hornbeck referred were terminated by the Japanese government last year. But in the wake of the recent developments in Japan, the United States has renewed its efforts to engage the Japanese government in a dialogue.

"We believe that there is a genuine desire on the part of the Japanese government to move forward with a peaceful resolution of the conflict," Mr. Hornbeck said.

"We are hopeful that the recent developments in Japan will provide an opportunity for a constructive dialogue with the Japanese government."
FOCUS ON THE FUTURE

July 1, 1942

brings the cancellation of the C-5 P.O. assignment...therefore our organs will be available only on a yearly subscription basis...this will mean that chapter treasurers will only remit the $1 membership fee to the nearest quarters for new members.

ALL NEW EDITIONS

will commence with the first issue of this series. Hereafter, please stop wondering and send us your change of address post-haste...in most cases if you are in a center and have not sent your new address, your chapter president or other officers should supply you for distribution to members.

We ARE NOT PSYCHIC

We are sorry that we have not been able to say the least, have been busy...We can not give you the Employment Service and our representatives what you wish to do, please stop wondering and send us your change of address post-haste...in most cases if you are in a center and have not sent your new address, your chapter president or other officers should supply you for distribution to members.

DEATHS

Nachi Mattsumi, formerly of San Luis Obispo, on June 3 at Fresno, Calif. She is survived by a daughter, Mrs. A. Benincasa, 502 S. California Ave., West Los Angeles, and a son, Tadashi, 2956 S. Faxon Ave., Los Angeles.

Debbie's birthday, June 16, on June 16, at Merced General Hospital, she is survived by two sons, two daughters, and a son-in-law, Mrs. Dorothy R. Tidwell, 200 Westlake Ave., San Francisco.

James T. Tahata, 50, on June 12, at San Jose, Calif., he is survived by his wife, Mrs. Alice Tahata, 1110 W. Adeline Ave., San Jose, and a daughter, Mrs. Dorothy R. Tidwell, 200 Westlake Ave., San Francisco.

Henry S. Matsuyama, 90, of Ten Mile, was taken to hospital on June 12, he is survived by a son, Frank, 1245 W. 10th St., San Francisco, and a daughter, Mrs. Mary T. Ishimoto, 307 W. 10th St., San Francisco.

Farewell to Salinas

Improvements at Center Noted As Evacuees Move to Arizona

By HENRY H. TANDA

President, Pacific JACL

We have been in the Salinas Assembly Center—having gained new experiences for nearly two months. At first this place was not organized, but today we are almost ready to move to our relocation center, thereby showing the results of our efforts through the past months.

Many improvements have taken place since the first day: work and something to occupy one’s mind and stimulate the inquiring mind. The first thing that was in the minds of the people was to have a job. To this end they had to adjust themselves to the change of foods, and gradually the supplies increased; so that today the people in the Center are having food that they really enjoy.

All improvements in the centers and schools are due to the untiring efforts of J. W. Laval, chief steward, and Sidney Harris, head chef. They received cooperation from the Japanese cooks and camp employees, and the work has been distributed equally.

We have been hearing from representatives of the staffs in camp, and the executive staff nothing far reaching because it is far-reaching. We are happy to see that the people have been well and have been well-balanced.

As stated in the previous issue that many boxes—or eat that many but they have been well-balanced.

We have been hearing from representatives of the staffs in camp, and the executive staff nothing far reaching because it is far-reaching. We are happy to see that the people have been well and have been well-balanced.

Manzanar Nisei Doing Vital War Work on Nets

More than one thousand American-born Japanese are engaged in "vital defense work" at the Manzanar Assembly Center and possibilities for further participation in war work hinge on the success of the first project, the Pacific camouflage net project.

Graduates Receive Diplomas in Joint Portland Ceremony

PORTLAND — Seventy-one elementary and high school graduates of Japanese ancestry received their diplomas at a joint graduation ceremony at the North Portland Assembly Center.

Awards presented to graduates included gold medals to Teruyo Kikuchi, married, and Etsuko Kikuchi, single; silver medals to Fumiko Kikuchi, married, and Shigeko Kikuchi, single; and bronze medals to Seiko Asano, married; and Takeo Sakai, single.

This Paper

The Girl and Boy Scout troops of Fresno and other localities received their diplomas. The following members of the two troops attended the ceremony:

The Bloom of a Thousand Cherry Trees at Pinedale

The bloom of a thousand cherry trees at Pinedale Assembly Center was wild with color for the residents of the Center.

A national center for relocation of Japanese evacuees, the Center is set in the center of a vast area on the Pacific Coast. It is one of the centers established by the War Relocation Authority.

The Japanese are being moved from coastal areas to the interior of the country in trucks and trains, and the movement will be continued until the evacuation is complete.

The center is equipped with schools, hospitals, a theater, and a recreation center. The Japanese are being housed in barracks, and the center is being developed into a self-sufficient community.

In Common Ground
Carey McWilliams Sees Social Opportunities in Evacuation

In an article recently published in "In Common Ground," Carey McWilliams supports his usual position that the American people have the ability and responsibility to plan for democratic objectives. 

Speaking of his basic assumptions, Mr. McWilliams says that the American people have the ability to take the initiative to assure the survival of democracy and to plan for its achievement of democratic objectives.

In particular, he argues that the American people have an opportunity to achieve a wide range of social objectives, including social security, housing, and education.

Mr. McWilliams points out that, in effect, an independent agency is needed to handle the problems of social security.

Evacuation Centers

The resettlement is seen as a whole problem of rural and urban life, and the program of the post-war period. Before evacuation, many Nisei and Issei communities were primarily agricultural and had very limited economic base. Hence they could not maintain a reliable and reliable stream of income. The resettlement program is seen as an opportunity for these communities to develop a reliable source of income by providing employment opportunities through local industries.

New Yorkers Make Survey Of Japanese

NEW YORK CITY—A survey of Nisei and Issei in New York City is being conducted by the State Department's Federal Registration Committee.

The survey is aimed at the evacuation centers in New York City, and its findings will be used to prepare the efficiency report to the federal government.

Camp Harmony Residents Will Go to Tulelake

CAMP HARMONY, Wash.—Camp Harmony residents will begin moving to Tulelake, Calif., Wednesday, and the local evacuation committee has already sent a survey team to determine the best location for the new homes.

The survey team, consisting of officials from the local evacuation committee, will visit the new homes and other areas in the Tulelake area to determine the best location for the new homes.

Conditions Improve Daily at Fresno Evacuation Center

FRESNO—The Fresno assembly center, which was used as a model evacuation center, has been closed for over two weeks.

In the Fresno Assembly Center, the residents have been able to maintain their daily activities, including the operation of a hotel, a restaurant, and a school. However, the facilities have been limited by the lack of space.

The local government has been conducting weekly services, and the residents have been able to maintain their daily activities.

The Fresno Assembly Center is currently being used as a model for other evacuation centers in the West Coast.
