Call Joint Conference On Walter Measure

Canadian Government to Pay $1,200,000 to 1,300 Evacuees For Forced Sale Losses

OTTAWA — Canada will pay $1,200,829 to 1,300 Canadians of Japanese origin as a result of a two-year commission study of claims by British Columbians, acted in wartime, were sold too cheaply.

A government official said the money to cover the claims will be added to a bill to be asked from Parliament.

It was reported that the commission, H. I. Bird of the British Columbia Court of Queen's Bench, was instructed to review 700 claims from British Columbians, acted in wartime, were "sold too cheaply."

In a move paralleling the mass evacuation of Japanese Americans from the Pacific coast states, the Canadian government moved more than 20,000 of its British Columbians across the border to an internment camp in British Columbia in 1942. The properties of these camps were taken over by the government.

Most of the evacuees now have returned to their homes along the west coast of British Columbia in Alaska, Saskatchewan, Manitoba and Ontario provinces.

She was named as one of the Canadian representatives who will make a commission to investigate the evacuation issue the one of the Canadian delegation in Washington, D.C.

Federal Judge J. Frank MacLaughlin granted a new hearing in a case that was dropped in 1944. The hearing was set for Aug. 12, 1951, on behalf Ishikawa's request for a new hearing in the case of the late William S. Ishikawa, Honolulu-born University of Hawaii graduate who served in the Japanese army during the war.

In a statement of intentions, Judge McNabb held up the matter of reinstatement of the late William S. Ishikawa, Honolulu-born University of Hawaii graduate who served in the Japanese army during the war. Ishikawa held the position of chairman of the Japanese army during the war. Ishikawa held the position of chairman of the Japanese army during the war.

He was induced into the Japanese army, according to the government. He was the position of chairman of the Japanese army during the war.

In his ruling Judge McNabb held that the case must be treated as one of the very few cases in which the government has succeeded in getting a public hearing, despite his wartime service in the Japanese army.

IN FRESNO, Calif. - Strawberries canned at $40,000 were destroyed on June 11, 1950, in a fire in the Nickle Farmers Food Company's plant in Fresno, causing total damage estimated at $60,000.

The fire caused 5,000 to 6,000 pounds of frozen strawberries and hogsheads of frozen strawberries to be destroyed, according to the owners of the plant.

The berries were canned in the plant by the company for the company's stockholders.

In the case of the joint conference, it will go back to both houses for acceptance.

A conference agreement is in a form that Mr. Masaoka said approximately 95,000 Koreans would be affected by the measure and about 200 other legal immigrants from South Korea and the Pacific. In addition, there are some 3,000 Korean citizens, caught in the United States as enemy aliens, and one Korean, a Japanese citizen, who are Japanese citizens.

The presentation was made to the Joint Conference on Walter Measure. Japanese Actress Undergoes Minor Operation on Arrival

Shirley Yoshiko Yamaguchi, Japanese film star now touring the United States, underwent a minor operation for a skin infection in Los Angeles shortly after her arrival on the mainland by plane from Hawaii.

Miss Yamaguchi, born in Manchuria of Japanese parents, has starred in 29 Japanese films in the past five years. She was forced to end the real public performances in the Los Angeles area as a result of the operation. She was shown above as she arrived on the east coast last week by Pan-American Clipper from Honolulu.

Nisei Girl Reigns As Evensong Queen at Oregon School

LA GRANDE, Ore. — Hiako Kido of Noyos, Ore., was given the highest honor paid a coed at Eastern Oregon college when she was elected queen of Evensong, the traditional outdoor pageant, which was held recently.

Six princesses were selected as members of Miss Kido's court.

The queen was crowned at the corner hall at the college June 2 and crowned her court over the Evensong period.

Miss Kido was selected as a princess for the 1948 pageant.

The queen and members of her court were selected on the basis of scholarship, contributions to college activities, and on appearance, poise, grooming and voice.

The selection was made at an all-student assembly in the school gymnasium.

Miss Kido, daughter of Mr. and Mrs. Yoko Kido of Noyos, graduated on June 9 with a bachelor of science degree in elementary teaching education.

Nisei Student Wins Essay Contest

WATSONVILLE, Calif.—Annette Ishibashi, sophomore at Watsonville high school, was the winner last week of the $100 first prize in the statewide essay contest sponsored by the National Grange and the American Plan Food Council.

The subject of the essay, "Fifteen Minutes of the Nation's Future," will be sent to the National Grange and the American Plan Food Council. After the contest is completed, the winner will receive a trip to Chicago.

Nisei Student Receives College Scholarship

FRESNO, Calif. — Three Nisei are among 45 Iowan Quail Valley students who will receive scholarships from the American Plant Food Council.

The scholarships were awarded to the highest ranking student in each of the three high schools.

The winner was selected by the American Plan Food Council.

MINORITY WEEK

Reactions

The Big news last week was Supervisor George W. McLeven's decision to award the contract for the new educational institution which he earlier promised would be the "equal facilites for Negroes and other minorities" project. It is a great victory for opposition groups who have been fighting the project ever since its inception. The decision to award contracts to private developers in several cases is the result of a policy adopted to ensure success of the project.

The development of the new educational institution is one of the most important projects in the history of the city. It is believed that the project will be a great success and will provide an excellent opportunity for all races to participate.

Among the reactions to the decision were:

1. "We are notatisfied with the results. We expected a better outcome."

2. "The decision is a great victory for all races."

3. "We are disappointed with the decision."

4. "The decision is a step in the right direction."

5. "We are pleased with the decision."

The decision was made after a careful study of the options available. It was believed that the private developers were the best choice for the project.

The decision will be reviewed in the future to ensure that the project is meeting the expectations of all races.

Capsule Quote

"The complete decision of all segregated races in the United States would be a step toward equality for all races."

Ralph McGill, Atlanta Journal

By Tom Yamada

Convention Fun

Despite the fact he was the Gold Medalist, he was unable to appear for his commencement exercises.

He was evacuated to Tule Lake in September, 1942, after entering the University of California as a senior.

He entered the California Institute of Technology graduate division in September, 1946, to study physical chemistry and prepared for medical research in physical chemistry.

Later, he went to Cal Tech to take his finals because of the evacuation, but he was chosen at UC in all his subjects by his professors.

Los Angeles Plans Annual Nisei Week Fete in August

Los Angeles, Calif.—Harvey Ako Rano received his Ph. D. in chemistry and physics on June 9, 1942, after he was awarded the University of California Medal as the most distinguished student in the class. He received his degree in June.

Shigeta, a baritone, sang Cole Porter's "Night and Day" in the Evensong pageant.

Religious services were held at the United Church of Christ in the United States for the grand prize, a $1,000 scholarship.

The forum, sponsored by the American Planning Association, was held at the Los Angeles Union Library.

The forum was attended by many speakers who discussed the theme "The Future of Planning." The forum was successful in presenting a clear picture of the future of planning in the United States.

VFW Begins Impeachment Proceedings Against Nisei Public Official in Honolulu

By LAWRENCE NAKATSUKA

HONOLULU—A new phase in the "Matsunaga case" opened this week as the Veterans of Foreign Wars began impeachment proceedings against the Nisei supervisor who has admitted past membership in the Communist party.

As public interest continued to mount, Supervisor Richard M. Kageyama has given no indication that he would yield to pressures from various quarters for his resignation from the city post.

First, he denied his colleagues on the Honolulu board of appeal when he refused to accede to their demands that he resign.

Then he "said tight" as the territorial grand jury investigated possible subversion, particularly in his party's political activity. The grand jury has not yet decided whether to file charges or not, but legal indications are that the investigation probably will not without an indictment.

The VFW move this week appears to have more momentum than either of the previous attempts to oust the 34 year old Nisei supervisor.

An impeachment petition, with more than $1,000 in signatures, was filed by 47 veterans of World War II in August, as a result of reports by a Post 1545 VFW anti-communist committee, that Kageyama is an active member of the Communist party.

Ironically, Kageyama himself is a former member of the army during World War II, earning his carry-on arms against the JACL in Hawaii.

The impeachment petition is sponsored by Post 1545 of the VFW in Honolulu; Kageyama is on record in support of the resolution.

Still another petition raised a resolution which the city council is now considering.

"WHEREAS, the said Richard Matsunaga, was a Nisei, and had not resided in the United States four years; and

"WHEREAS, the said Richard Matsunaga, was not a Communist and had not belonged to any political party for at least ten years; and

"WHEREAS, the said Richard Matsunaga, was also a Japanese fiancee, and bride and their children;

In order to be eligible for unconditional automatic deportation under terms of Public Law 683, introduced two years ago at the request of the JACL, the AGC such violators must have resided here seven years or more, be of good moral character and prove deportation would work a hardship on them or their families, according to the Post 1545 petition.

Miss Matsunaga is a Chinese immigrant who has been a member of the National Convention committee and has held a permanent honor at various meetings in Chicago in late September.

During the interim, Dr. Tom Omeri, chairman, presented President Kageyama a check for $504.45 representing the chapter's successful pursuit of its recently concluded AAF fund drive.

General Doctor, a veteran; Teruko Ishihara, fiancée of Paul Yoshino; and Yoko Nakamura, fiancée of Earl Okubo, wife of Floyd Okubo, an American citizen.

WASHINGTON, D.C. — The Senate has passed an amendment to the House of Representatives under a Senate resolution calling for deportation proceedings against some 600 alien Japanese, the JACL Anti-Discrimination Committee was advised this week.

Miss Matsunaga is a graduate of Pacific Union College, in Angwin, Calif., and the University of Southern California, where she received her A.B. degree in psychology.

She is an active member of the USC Nisei Women's Club (Sigma Phi Omega) and the Sigma Phi Omega International convention in Chicago in late September.

In the face of these hostile attacks, and with pressure from veterans and supporters, Kageyama has announced that he will not enter the election primary for the one-term city council seat, and that he will not run again for the council's permanent post, and that he will not seek re-election.

"Kageyama should realize," the editorial admonished, "that he still has a valid career, one based on the trustworthiness which qualifies him for a position in government. His failure does not yet show that qualification.

Passes Congress 30 Bills To Admit Japanese Nationals

WASHINGTON, D.C. — The Senate has passed and sent to the House of Representatives Japanese nationals, bride and children, as non-immigrant aliens, for admission for permanent residence under the terms of Public Law 683.

Mr. Kageyama would have had no special appeal under the law. He has been a member of the community for 16 months in Hawaii.

WASHINGTON, D.C. — A resolution for stays of deportations was sponsored by Post 1545 of the VFW in Honolulu, according to the JACL. They were sponsored by Paul Yoshino, Sonmichi Kato, Hidemasa Iwano.

They believe that a special appeal under the law the JACL is in favor of. They have hoped to make the U.S. the foreign country of their choice.

Mr. Kageyama would have had no special appeal under the law. He has been a member of the community for 16 months in Hawaii.

They have hoped to make the U.S. their foreign country of choice.

The Amended Walter Resolution

The Walter resolution for equality in naturalization was, in its original form, a radical act. It eliminated race as a qualification for naturalization.

The Walter resolution was originally intended as an attempt to bring all residents of the country, whatever their racial ancestry, into the realm of potential citizens. It tied up the loose ends of our patchwork citizenship and immigration laws.

When the Senate received the Walter resolution, after its passage in the House, the pattern was one ofocco. The Senate did not act on the resolution, and there were no further significant developments.

In the end, it reduced the Walter resolution to the status of a mere academic question. The right of naturalization shall be extended to immigrants of all persons, racial or national origin, alike.

The JACL, as part of the Japanese American community, understands that the right of naturalization is a fundamental right of all Americans. The JACL ADC, in its presentation to the Senate, made it clear that the Walter resolution was a much larger thing. It was a recognition of the greatest single resident group ineligible for citizenship. And permission alien Japanese to become citizens of this country was a much larger thing.

Both Rep. Walter and the JACL ADC have amended the Walter resolution, we are nevertheless glad that both versions of the Walter resolution are recognized of the great importance in our national life.

The right of naturalization shall be extended to immigrants of all persons, racial or national origin, alike. It is an amazing and practical way ped@click to bring new citizens into our country. It is a democratic and practical way to make the nation more equal.
Togo's New Assignment

Togo Fujikawa packed his single bag and left his Seattle home to seek his fortune in New York. A few days later, in his duffel bag, he found that he had left behind his friends, relatives, and the community. He had come to the United States as a political refugee, and now he was a political exile.

In his new assignment, Togo was expected to work for the Department of Justice for another siege of internment.

On its face, the job might seem harmless, but Togo knew better. The Department of Justice was responsible for the internment of Japanese Americans, and Togo was tasked with enforcing it. He was not a neutral observer, but a part of the system that was responsible for the internment.

Togo was a critic of the internment policy, and he knew that his new assignment would challenge his integrity. He was torn between his professional duties and his personal beliefs.

He knew that he was not alone in his resistance. Many other Japanese Americans were also fighting against the internment, but they were facing the same challenges as Togo.

Togo was determined to resist. He knew that he could not change the internment policy, but he could try to make it less harmful. He was determined to stand up for his community, even if it meant going against his superiors.

In his new assignment, Togo was determined to be a voice for the voiceless. He knew that his work would be difficult, but he was ready for the challenge. He was determined to fight against the internment, and to help his community.
Three Nisei Make All-Star Bowling Team

The story of Wally Yonamine this week that Manager Earl Bolyard has had him batting third in the line-up, taking advantage of his power hitting. Wally is still leading the regulars in batting at .336 for 35 games, although Mike Baxes, the third baseman who joined the team from Yakima three weeks ago, has 35 hits. Here are the statistics on Yonamine as of June 13: Games 35, at bat 82, hits 35, runs 16, walks 6, sacrifice hits 2, stolen bases, one run batted in, two doubles, 8 sacrifice hits, 7 stolen bases, 18 RBIs and a .336 average.

Wally, incidentally, has gone hitless in only five games out of 35. His triples in June 13 were over the head of Centerfielder Spike Foster and hit the 410 foot mark on a bounce.

With the addition of several new players from higher classification leagues, the Bees appear to be making their move out of the cellar. They won four out of six games during the past week against the powerhouse T-Bones. Foster has begun his baseball career a bit later than some of those in which they opened the season. Yonamine started at first base for the 1947 ABC champions, while T-Bones is at short and is now on the other side of the keystone sack. Yonamine and T-Bones are playing positions other than those in which they opened the season. Yonamine started at first base for the 1947 ABC champions, while T-Bones is at short and is now on the other side of the keystone sack. Yonamine and T-Bones are playing positions other than those in which they opened the season.

Yonamine is a valuable addition to the team. He is not only hitting well, but is playing good defense in left center field. Yonamine is a valuable addition to the team. He is not only hitting well, but is playing good defense in left center field.

Heiny Alhara, co-captain of the University of Southern California's Pacific Coast conference champions, shows his jumping form to a cameraman at the Los Angeles Coliseum. Alhara, conference champion in the broad jump for 1949 and 1950, is a member of USC's 10-man track team which is vying for national honors at the NCAA meet in Minneapolis. On June 26 Alhara will be a member of the Coast Conference track and field team that will meet the Big Ten Conference team in a dual meet at Madison, Wis.—Los Angeles Times photo.

Accept Entries for JACL Bowling Meet

LAX:—Early enthusiasm marks the receptio of entry blanks for the 1950 JACL bowling tourney by the Southern District Council convention bowling tourney set July 1 at Santa Monica Bowl. Local Nisei Bowling Association officials expressed the belief that there would be no under American Bowling Congress regulations concerning their application in the PFWC Open. The rules only affect team entries. The JACL-sponsored affair is limited to men's singles and mixed doubles.

San Francisco City Bowling Group Will Admit Non-Whites

San Francisco, Calif.—The San Francisco Nisei Bowling Association will abide by the American Bowling Congress rules but will not discriminate in their by-laws against non-Japanese. The group organizers expressed the belief that there would be no under American Bowling Congress regulations concerning their application in the PFWC Open. The rules only affect team entries. The JACL-sponsored affair is limited to men's singles and mixed doubles.
