A young man with a big trip ahead of him boarded on Tuesday for the first time in his life for a trip. Crown Prince Akhito, a member of the Imperial Family, embarked on the voyage to the United States.

The Crown Prince himself appeared to be happy over the excitement his visit created. 14 hours after this city, he left with thanks for the "heart-warming welcome accorded him by everyone.

The 18-year-old heir to the throne will be the first member of that country's royalty to visit Hawaii since 1951. His royal voyage is expected to create a sensation here over the next few days.

The voyage was invited by Governor Thomas E. Connolly, who sent a telegram of welcome to the young prince.

The Crown Prince is expected to arrive in Honolulu on his return voyage from the United States.

WASHINGTON D.C.

The US Senate passed legislation last week providing for the naturalization of aliens serving in the armed forces. The bill, sponsored by Senator Fred Harris (D., Pa.) and endorsed by the Senate, has been referred to the House of Representatives for consideration.

The Senate approved the measure by a vote of 92 to 4, with Senators G. Mennen Williams (D., Mich.), Hubert Humphrey (D., Minn.), and John Sparkman (D., Ala.) voting against it. The measure now goes to the House for consideration.

The bill would provide for the naturalization of aliens serving in the armed forces, and would grant them the same rights and privileges of citizenship as US citizens.

Newcomers to Congress

Recently, the 25th anniversary of the inauguration of the 80th Congress was celebrated. Many Democrats, it was noted, had served for a long time. But Walter Lipkind of New York, member of the House from New York, was in office for 48 years. In fact, he had been in office five years when the present President, John T. McKinley, was appointed by President Theodore Roosevelt. The man had lived to tell about it.

They are Representatives

Representative John T. McKinley of New York, Thomas of Oklahoma, Joseph Martin of Ohio, Richard B. Wright of Michigan, and Samuel N. Boggs of Indiana, were all newly elected to Congress. It was a good year for the Democrats. The party had gained control of Congress. And the man had lived to tell about it.

New Yorker Red is the new President, and the new President is the man who served Congress so well in 1919. For the other 260 Representatives in the House and Senate serving in Congress under a Republican president, it was a completely new experience. Incidentally, a number of the seniority rules, all of the time, were changed in 1933. Among others, committees were set up for the first time, and a new committee, the Select Committee on American Foreign Policy, was established.

Second group of Hawaiian Issie naturalized

The second group of Issies here were naturalized in U.S. courtroom Mar. 26 by Judge John Frank McNamara. There were 48 Japanese in this group. (In the first group, there were 56 Issies.)

After they took the oath of allegiance, the judge reminded the citizens that citizenship is a matter of the spirit, mind and heart and that for each right, there is a responsibility. Each liberty, there is a duty. He said, "I'm not trying" to be practical, what they preach. We in Hawaii are just a little bit better than in other parts of the United States.

Florin chapter cited as first group exceeding '52 membership, now 127

San Francisco

The Florin JACL chapter is the first in the Northern California-Western Nevada District Council to exceed its '52 membership, according to Haruo Ishihara, Northern California Regional Director. The chapter has signed up 127 members this year as compared to the '51 total of 118. "Membership chairman Shino Tabaka, in his comments to be congratulated on their efforts," Ishihara said, expressing hope that other chapters in the District Council would complete their membership drives in the near future. The Northern California area was responsible for almost a third of the total national membership increase in 1952.

Another achievement of the Florin JACL is the recent graduation of a number of Japanese-Americans from the citizenship class on May 25. The class was under the joint sponsorship of the Florin chapter and the Adult Education Department, Instructor was the Rev. Jun Fujimoto of the Florin Methodist Church. President this year of the Florin Chapter is Bill Okamoto.

Stockton CL plans busy calendar of community events

Stockton

Extensive plans for the next months, which will include a community picnic in June and presentation of books in local libraries, were announced by Sam Itaya, president of the Stockton JACL, at the recent meeting of the new American Citizen League. Copies of "American History" (HISTORY OF THE 442ND RCT) will be presented to city and school libraries just as they have been obtained here, Itaya said, as a gesture of friendship and to bring about a better understanding of the two peoples.

The plans resulted from a meeting Mar. 28 of the local chapter with Haruo Ishihara of San Francisco. Northern California regional director of JACL, including the newly-elected local officers.

A seven-point program for the year was adopted which includes wide participation in community programs, encouragement of citizenship classes, aid to other JACL chapters, closer cooperation with churches, civic and affiliated groups, support of state legislation, planned activities for parents and families, and increased active membership.

Besides the community project, the May and the June picnics will be held in June for which dates are to be set. Itaya said, the local group will sponsor a semi-formal dance in July, a beauty contest in August, a masquerade ball in October, a visit to nearby San Francisco for Christmas party and publish an annual JACL newsletter.
