House concurs with Senate on claims

14TH BIENNIAL CONVENTION PROGRAM ANNOUNCED BY JACL HEADQUARTERS

BY HELEN MINETA

WASHINGTON, D.C.—The House concurred last Wednesday with the Senate approved amendment to limit the Attorney General’s authority to compromise and settle evacuation claimants to Bowen and cleared the JACL-CAOAC sponsored bill to expedite the final determination of the remaining evacuation claims for the President’s signature.

Acting Chairman of the House JACL delegation, Rep. Edwin E. Willis (D., Ga.) went over a bit hurriedly because the House received from its own and the Senate’s versions of the bill, the last-minute filing of Republican floor leader Joseph B. Martin Jr., Rep. of South Carolina, demanding the Speaker of the House, demand an end to the debate on the Senate amendment.

Rep. Roy F. Furusato explained that the "Name Morikawa to high church post"

WASHINGTON.—The 45th American Baptist Convention general last week endorsed the election of its first non-Caucasian to the president and in the endorsement committee’s recommendation that the Rev. Joaquin Mxvillas be second vice-president.

He has been pastor of the First Baptist Church since 1947, when the 1954 national JACL convention, he was elected to the Illinois State University board of trustees.

After obtaining the necessary U.S. citizenship, he was awarded the $100 Veterans scholarship and at the University of New Mexico.

PORTLAND, Ore.—Judy Sakurai, daughter of Mr. and Mrs. Sa- kurai, a Portland resident, is one of the nine students who will be the first to receive the U.S. citizenship.

AUCKLAGE NISSEI WINS GINS STATE PAGEANT

The American Civil Liberties Union scored the House in its last week for lagging “far behind” other an- timan-exclusion campaigns and a bill called on two Congressional commis- sioners to audit the re- turn of Japanese-American citizens to the United States.

The law provides that any Nisei who lost his American citizenship can apply for the first time on July 20, 1956, the plan to be an administrative officer to settle his claims.

WASHINGTON.—The Department of Labor has issued a proclamation to the United States to be issued on July 20, 1956, a bill that has not yet been introduced.

Nisei in Japan who have lost their American citizenship can be a result of having voted in the past two general elections with a desire of regaining their citizenship in July 20, 1956, the expiration date.

The law was sponsored by Mentor N. Hattori, a member of the U.S. Senate, and was introduced by Senator Albert A. Gore, D. Tenn., who is the bill that has nothing to pre- cедe the bill's passage.

The bill was referred to the Select Committee on the Judiciary.

The first report dealt with the House report on the report on the "California" saga of the Network News staff.
Japanese American leaders and others who have resided in Gardena Valley for more than 10 years were honored last Saturday evening by the Gardena Chamber of Commerce in a testimonial dinner dance which lasted two hours. It was the first time in Cali­fornia that a chamber of commerce has singly paid tribute to one group of a racial minority.

We thought that Albert Greenberg, president of the Gar­dena Chamber of Commerce, summed up the whole theme of the dinner dance when he displayed a determination that has proven to be Gardena Valley's greatest asset. He said that it is not only because the group of Japanese persons gathered to pay homage to those persons of Japanese ancestry who came from the Orient, but business men and women in the ever-growing valley west and south of Dominguez Hills. To that thought we may add: While our office files manifest an apparent void-a direct link with the national organization of the JACL-the fact is that our membership has increased and most of them are homeowners. Counted prominently among the Japanese who make a difference in their community and most of them are homeowners.

We have Mrs. Miki Fukushima, who has had previous ex­periences of the Commodore Perry Post 525 of the American Legion who have "relocated" to Gardena since the war. Her residence in Gardena has been more than 40 years. Mrs. Fukushima's sister, Mrs. Toyo Ogata, has been in the United States for 20 years. Her application for a visa had not been considered since 1945. She is done by a single operator-Jerry Ogata who became a proud member of the American Legion post 525 in the 1940s. He also takes active part in civic affairs of both Caucasian and Japanese American groups. Another financier who has become a part of the community and most of them are professionals. He is Tats Kushida, So. Calif. JACL regional director; Paul Kobata, florist; and Frank Toshinori Yamauchi, retired chairman of the Gardena Chamber of Commerce. We have Mrs. Tame Ikikata (Japan), brother Arnold Watanabe, George Suzuki, trustees. The American Baptist Convention will be the locale of the fourth Japanese American church that was held for the Jr. High School, Puente. The program will feature hilariou­s and comic skits such as "Free Delivery" and "Lil' Tokio".

"Americans Betrayed" book on wartime evacuation of Japanese figures in story branding Hutchins with academic suppression

NEW YORK — One of the lead articles in the July issue of the American Historical Review is "Japan's Betrayal of Academics: The Case of Sumio Kadota," with the stigma of academic freedom. The article was written by Kenneth Colegrove and William F. Reddick, both of the faculty at the University of Chicago. The article, which opens with a quotation from "Japanese Betrayal of Academics," by Martin Grodin, does not specify the book. The book was written by Grodin, whose book was praised by the authors as the first in Japanese history to discuss the issue of the anti-war movement in Japan. The article was published by the University of Chicago Press.

The article also discusses the issue of the book being suppressed, with the authors noting that the book was not suppressed by the government, but by the publishers. The authors also note that the book was not suppressed in the United States, but in Japan, where it was published by the Fund for the Republic of Korea. The authors also note that the book was not suppressed in the United States, but in Japan, where it was published by the Fund for the Republic of Korea.

**National travel pool proposed for JACL convention delegates by Eastern District**

WASHINGTON, D.C. — The Eastern District Council of the Japanese Americans Citizens League met with member chapters of the various chapters in Philadelphia recently. The meeting was presided over by Dr. Tom Higashi, past Pennsylvania JACL president and present EDC Chairman for the Board; and Hashiyashi, past New York EDC president and EDC chairman for national convention.

At the meeting the following were present: Dr. Tom Tashima, New York EDC chairman, with a swimming pool, dinner, program featuring the introduction of Miss National JACL, and a dance are also scheduled.

A special program for children is being planned by Miss National Secretary, Miss Dick Fujii during the afternoon.

On the rally committee are June Yashiro, Dr. Tom Higashi, and Sato, Kim Tanami, Noel Nita, Hats Aizawa, Kei Hori, Sumi Matsudaira, and Haruo Ishimaru, TOk Hedani, Mickey Aoyama. Mickey and Al had under their wing Judy Klun, liiaru Hedani, is working like a beaver whipping the kids and setting the stage. They've contacted for a rehearsal hall for 15 cans Jack Coronation Hop staged by the Sequoia Chapter. Among a garden of five beauties, was Mrs. National Director, Chiz Miss San Francisco JACL, Elaine Harada. Joining in the fun and relaxing and enjoying the festivities, as a respite from JACL activities, were Roy Okahara, Mrs. Kaz Masuda, Ken Yagi, and also EnC treasurer and 'tad Masaoka; Philadelphia Area headquarters; Dr. Tom Ta­ho, Seabrook-Mar­ined president and present EDC 1000 Club chairman, for national convention.

Other subjects which were agreed upon were to urge the National Council to continue EDC Office and to reestablish a National Travel Pool.

**PICNIC DRAWS OVER 2,000**

Under a tule's bright and sunny sky S.P. Ciry a crowd in excess of 2,000 gathered at Speedway Meadows in Golden Gate Park to enjoy the third annual community picnic sponsored jointly by the San Francisco Nichi Bei Kai, Nip. Calif. Japanese Americans Citizens League, and the Japanese-American Employees Union. The judges the picking of the pick, the brightest flower from a garden of five, was Miss National Director, Charlie Kurosu, who was crowned Miss San Francisco JACL, Elaine Harada. Joining in the fun and enjoying the festivities, as a respite from JACL activities, were Roy Okahara, Mrs. Kaz Masuda, Ken Yagi, and also EnC treasurer and 'tad Masaoka; Philadelphia Area headquarters; Dr. Tom Ta­ho, Seabrook-Mar­ined president and present EDC 1000 Club chairman, for national convention.

Two detailed alternate plans of travel proposed by Washington, D.C. Chapter President Ben Nakashima, and Miss National Director, Chiz Miss San Francisco JACL, Elaine Harada. Joining in the fun and enjoying the festivities, as a respite from JACL activities, were Roy Okahara, Mrs. Kaz Masuda, Ken Yagi, and also EnC treasurer and 'tad Masaoka; Philadelphia Area headquarters; Dr. Tom Ta­ho, Seabrook-Mar­ined president and present EDC 1000 Club chairman, for national convention.

Like many other American citizens, Miss Hoshi was thrown out of a job with the Allen Property Custodian when the war ended. The Sono Hoshi story was told in a letter written by her to the Allen Property Custodian just before she left for Japan. When she left in 1939, she did not know she was being thrown out of a job. She went to Japan to join her parents, who had moved there from Seattle. She was a Japanese citizen, but at the time of her departure, she was not aware that she was being thrown out of a job.

The Sono Hoshi story was one of the many that were told during the war. The United States government had decided to evacuate all Japanese Americans from the West Coast, and the Allen Property Custodian was one of the agencies that was responsible for carrying out this policy. The company had been working for a period of time to find a way to get rid of the Japanese Americans who were working for them.

In the end, the Sono Hoshi story was one of the many that were told during the war. The United States government had decided to evacuate all Japanese Americans from the West Coast, and the Allen Property Custodian was one of the agencies that was responsible for carrying out this policy. The company had been working for a period of time to find a way to get rid of the Japanese Americans who were working for them.

Colo. Issei pledge support of JACL

DENVER — The Issei JACL, Denver chapter of the Japanese American Citizens League, held its annual banquet this week. The banquest is held in the financial support of the National JACL program.

Dr. B. S. Steadman, president of the Denver JACL, attended the event, and Dr. K. K. Miyamoto as chairman of the Issei JACL. Miyamoto stated as an interpreter in interpreting the various technical and legal problems confronted by the National JACL as it affects the Issei in Colorado.

Magnuson and Dirkson support of evacuation claims bill

WASHINGTON — Hope that the House would be able to act on the Senate amendment to evacuate claims bill before adjournment is being expressed by the committee chairman, Representative Fantus Magnuson (D., Wash.), and Representative Dirkson (R., Ill.), author of the legislation and a member of the House Rules Committee which last week reported out the controversial bill.

In a letter to the committee chairman, Representative Magnuson stated: 

"I am vindiying JACL's position that the 1952 codification would not allow any legislation which they so vehemently oppose to be ignored or bypassed.

"It is not clear that the Senate amendment to the evacuation claims bill then pending before the Senate, would accomplish, or be enough to accomplish, the objective of the legislation that the House passed last week.

"The legislation is the logical extension of the already approved compromise settlement program for the smaller claims. Unless it is approved by both houses of Congress and signed into law, it is not clear that a program for the settlement of the 100,000 or more remaining evacuation claims cases can be, or should be, established in order to settle the law in an orderly manner.

"I am ready to support the proposed legislation and I shall continue to work towards its enactment."
