**BY THE BOARD:**

The new year — time for deliberation

Nostalgic memories of the atmosphere of the District Council confab and Thousand Club Tenho Anniversary celebration need be forgotten. It was the year "On the Future" held in Idaho Falls remains fresh as the yuletide season draws near and thoughts of old friends everywhere fill one’s mind. It was truly a memorable occasion — that Idaho hospitality, the presence of national dignitaries no less than Hon. Roy Nishikawa, Mike Masaoka and Kenji Tashiro, and the gathering of JACLers from the intermountain areas, many of them old stalwarts of the Utah, Idaho and Oregon chapters.

This writer has attended annual meetings for the years but had no difficulty in concluding that this was one of the very finest, over-shadowing these years sturdily spent by the delegates in business sessions. Reports were given by the various officers, by the Executive Director, and by the legislative discussions followed. Space will permit but one mention of some of the officers of the executive board — such as the role of the IDC in the forthcoming “National JACL” contest, the possibility of sponsoring or holding expositions and cultural or honorary events during the next National Convention, presentation and acceptance of chapter quotas; the youth program; and the General Chairman Rupert Hachiya gave a report on the progress of the National Convention.

Of the varied problems discussed, this writer wishes to call attention to what he considers the most crucial one was that of promoting younger participation in the JACL movement. It was noted that there is a tendency among the younger Nisei to look upon the JACL in a light tint of indifference toward the JACL, its functions and activities.

He will have the blessing of no one in particular. Prime Minister Diefenbaker has pointed out that Jung could expect no protection from the Canadian Government. Congress today’s thought. Despite the fact that he has lost the traditional vote of confidence, Jung may still be able to get in and get out of travelling terms.

As a boy, he had to endure the touts’ junkets. We have often said: "More the merrier." It really rings true in the case of one-liners greetings.

Frankly, we hadn't expected to publish 72 pages this year. We only had two weeks to have the type set and pages dummy. But thanks to the assistants who pitched in on a practically last-minute basis, we met the deadline and got the near 6,500 copies out on Tuesday evening.

Again, our thanks to everyone concerned and best wishes for the new year. — Harry K. Honda
