1000 Club "whining-ding" in capable hands

Incredible, time marches on! There now remain only nine more weeks until Convention! Recent progress reports indicate that the Board indicate there is an effective and well-organized section for all those who are interested.

We received good news this past week with the report of a special committee of Salt Lake, Max Horimoto, who has assumed the chairmanship of the Convention 100 Club "Whining-Ding." With his past background and experience as the Deseret's assistant while National Headquarters, we can rest assured that he will set up the facilities for the "Whining-Ding" in the best tradition of our past conventions. And with the proverbial "Tokyo" lining up the herculean and entertaining tasks, we can assure all those attending of a hilarious, cliff-harousing time.

As our initial report on our recently announced drive to get our delinquent Thousander, we are happy to bring our readers the news that the members have started to come in. Already they are less than two month late for May. We must especially thank those who are again for five years. national JACL oratorical contest Dorothy Lane Market, largest in-

U.S.-JAPAN QUESTION

JACL likely to assert stand on issues, straw vote finds

In Chicago last week, the JACL national executive committee took up the question of whether JACL, in its position paper on anticolonialism, will state that the Pacific and the Orient should be demilitarized. The convention is scheduled for June 21-25.

The decision was made by a vote of 13 to 1, with only one delegate from the West Coast voting against. The vote was taken by a show of hands, and the tally sheet was destroyed afterward.

The convention is scheduled to convene at the 1200 N. Clark St., Chicago.

Social Calendar of JACL Confab List 17 Events

SALT LAKE CITY — Two months from now, some 300 delegates and equates will converge here to conduct the 12th biennial convention of the Japanese American Citizens League and participate in the 15th biennial convention of the National Association of Japanese American Citizens.

Seventeen events are scheduled for the two conventions. The most important of these will be the day-long convention, to be held in the Salt Lake City, and the official convention banquet. There will be a total of 1500 people attending the banquet.

50 Garage Sale

The Convention held at Salt Lake City, Aug. 22-25, will be on the "Westcoast" side of the Pacific. A number of these events were scheduled for the convention. The convention is scheduled for June 21-25.

Puzzle Winner of $5,000 "not happy"

NEW YORK — Hon. Katsuya Yabu, who has frequently been winning $250-$100 prizes in newspaper contests such as the Herald-Tribune, is the winner of the Portland-Seattle JACL's "find the 5,000 first" by one point, 1125-1124. If he had won, he could have become so well known for his puzzle-solving abilities that he wouldn't be "rethinking" whether to be happy or not. While a first prize in the four-figure class, the Portland-Seattle JACL ran the $5,000 first prize by one point, 1125-1124. While the judges heard the prize-winning solution, they felt JACL should begin to "rethink" whether to be happy or not.

Dayton Senai to represent Midwest at national JACL convention oratoricals

CLEVELAND — Representing the Midwest District Convention, Darryl Sakada, 1950-52 national student chairman, has become so well known for his puzzle-solving abilities that he wouldn't be "rethinking" whether to be happy or not.

The Chicago JACL held three meetings on the subject of national relations, as well as a general chapter meeting. At the Midwest District Convention, the general attitude was "hands off." But by winning $5.000, the Chicago JACL representatives were apparent in favor of the Chicago JACL's "find the 5,000 first" by one point, 1125-1124. If he had won, he could have become so well known for his puzzle-solving abilities that he wouldn't be "rethinking" whether to be happy or not.

From the Frying Pan

By Bill Hotowka

ENVOY EXTRAORDINARY — Robert W. (Red) Fenwick, The Denver Post's minister plenipotentiary in charge of greeting visitors from Japan, dropped into the office the other day. He had been summoned to exchange pleasantries with Miss Fumiko Matsuda, whose business card identified her as editor of the Sunday Mainichi in Tokyo, and her U.S. state department escort, a competent young lady named Etsuko Onizuka from Stockton, California.

As Fenwick entered the room, both ladies jumped up out of their chairs for the introductions. Fenwick, a gallant gentleman when it comes to the fair sex, went directly to the chair in which he is accustomed to sit, it is the man who springs to attention when ladies enter the room, not vice versa. He quickly invited them to be seated. They did this with no little gawking because, in spite of his cow-country upbringing and habits, Fenwick has a certain distinguished appearance.

Then, with the ice properly broken, they had a nice little chat with Miss Onizuka fielding questions and answers from both sides in fine bilingual fashion. Both ladies, it was obvious, were quite pleased with the opportunity of meeting a real, live Western cowboy type. They answered from both sides in fine bilingual fashion. Both sides.

With Miss Satow from National Headquarters in attendance, the members of the IDC and their friends were treated to some outstanding keynote talk at the Union Bldg, on the Univ, of Utah campus, where the district finals were held under the capable direction of Bob Nakano.

Dennis Okamoto of Utah, Ore., gave a powerful and inspiring oration to win top honors. Claire Yamashita, Pocatello, Idaho, Eniko Takei, Salt Lake City and Jeanelette Rate of Idaho Falls were also outstanding. Our congratulations and thanks to these fine young speakers — whom we hope will be our future JACL leaders.

If the district eliminations can produce such fine talent, the National Contest ought to be an outstanding event for the entire convention. According to the National Director, the Midwest contest Tatsuo Satoda of Dayton, Ohio, is terrific.

A DIP in Great Salt Lake: Before Convention Chairman had some complications! We drew the names, Miss National JACL, Miss Salt Lake City, and Miss Idaho Falls. We also entertained some of the State Fish and Game bigwigs. We were interrupted by Harold Crane, the new Fish and Game Commissioner, and his wife, Herbert Smart, who is now chief of the State Finance Commission. Smart, formerly secretary of the Utah State Wildlife Federation, was there with his wife and son. Difficult, a new supervisor for the stream committees promised us full cooperation for a good stock of trout for the fishing contest.

The Fish and Game Department was also present with his wife. Queen Margaret made a hit with all these people — which accounts for such a successful dinner.

As for the gourmets who want to experiment a new thrill in eating, charcoal broilers will be available for cooking the Rainbow GooseIRM the sun that we catch them.

Convention Staff: During Mas Satow's recent visit, we further discussed the Youth Program. We suggested a gathering, or a dinner for the youngsters on Saturday, Aug. 21, which would give them a chance to informally get acquainted and discuss their own problems. So, Eniko Takei and Alice Seiko have been asked to take over the YP planning from the Youth Program. Both Eniko and Alice are our community's pride, having been active in queen contests and as well as being brilliant students.

James Nagata is our latest addition to the staff as the man in charge of the Youth Program.

"The Time of the Dragons"

By Larry S. Tajiri

It will be many months yet before shooting starts on it, but a projected Columbia production should be a bonanza for the American stage culture of performers of Japanese ancestry.

The story, "The Time of the Dragons," is a German novel by Alice Ernst Rotholz, which was adapted by her husband, Clifford Tanaka, a Downtown Los Angeles, Calif., lawyer, under the title "The Barbarian and the Geisha" at its initial openings.

The MGM film and at least 20 other summer stock, community production, and off-Broadway vehicles, not in the commercial theater of Broadway, but in various European, Scandinavian family became inexplicably involved with a case of the United States passed the Japanese Exclusion Act-is Baron Akiro Rotholz has written.

The picture also makes a star of Eiko Ando, the ex-wife of prominent Japanese actor, L.A. native and star of "The Barbarian and the Geisha" in the three early months in occupied Nippon, which was published this month in Viking.

The 10 questions in Sec. III-chapter Activity for Youth or encourage interracial ties and cooperation among the chapter sponsors activities except in the last paragraph. Fewer than a hundred copies of "The Time of the Dragons," Clifford Tanaka's adaptation of his wife's novel, are expected to be assembled from a national survey calls for an appraisal for the Anti-Defamation League Bulletin, which highlighted the social activities of the Memorial Day weekend, which includeез the inclusion of counter-programming in youth chapter plans for Japanese American youth in their activities, and especially for the youth work leaders across the country and how they were brought into the sponsoring activities for the youth or encourage interracial ties and cooperation among the chapter sponsors activities except in the last paragraph.

It asks for a listing of chapter-sponsored activities for the youth in the past year, the major advances in the treatment of minority group characters and how these achievements were brought about the extent of responsibility in sharing the program's positive, negative awards, volunteers services and how they were brought into the program.

Most interesting will be the experiences of the chapter's selection of their most successful youth activity as asked in the past paragraph.

Two more questions in Sec. III-chapter Activity for Youth or encourage interracial ties and cooperation among the chapter sponsors activities except in the last paragraph.

LONG BEACH — Declaration of Frank Chuman for office of national JACL president this week was supported by the Pacific Southwest District Council, which made known this week in a letter that the national executive council had voted for Chuman in support of his candidacy for national president. Chuman, who also sought the office from 1967 to 1970, is a member of the Los Angeles JACL and the state JACL executive board, and is the first national JACL president from the state of California.

“Since I don’t know whether there will be a quorum, I am here to meet the needs of our organization, I feel that I can do that,” Chuman said. “I am writing my way to the presidency of a major lawyers organization and I want to win. If I don’t win, I will demand of myself accounting for my leadership and accountability.”

Chuman was given similar support at the 102 convention and declined in favor of George Ishimoto of South Carolina. In 1969, Chuman was elected president of the national JACL.”

MEETING AMBASSADOR ASAKAI

CHICAGO. — This past week, our fair city was indeed honored by the Reverend Kosaku Asakai, Japanese Ambassador to the United States of America, and his lovely wife here to breakbread with the Japanese-Jewish community at the Argyle Hotel. His rigorous two and a half day schedule included giving the keynote address at the JCC banquet, an address at the Art Institute, and a speech at a monument to the Japanese dead at the Millenium Monument. He then traveled to the North Park Hotel, hosted by the Chicago Japanese American Council, and finally a luncheon in his honor given by Consul General Akira Sato at the Japanese Consulate. His new project is to host lectures in Washington Thursday.

It was a great pleasure and honor to meet his Excellency who, aside from being an eloquent speaker, a highly polished statesman, and a stimulating conversationalist, is so approachable. We discovered he was quite a “regular Joe” if you will; one you could be friendly with. Not having the formalities of being able to speak the Japanese language other than, you said “Wakashio wa Nihongo hannen de”, your neighbor rode other JACLers in attendance of the luncheon, and learned that Ambassador Asakai spoke on the need for cooperation between Japan and the United States with respect to trade and diplomacy between the two countries.

GETTING READY FOR S-DAY CARNIVAL

Among the projects to be gotten started is the oblong delicious chicken teriyaki booklet to perfection, and for you琪田, there will be plenty of laughter and enjoyment of a funny lecture. Here’s a grand saba (plan intended) to Joe and Mike who hope to get back to their youngsters for this fine undertaking. So come one, come all for the time of your life with the New Chicago JACL Carnival — in which you’ll get to see all the fun.
