A source of pride to the Japanese American Citizens League (JACL) is its official publication, the Pacific Citizen. Its director and editor, Harry Honda, has brought the PC to a level of excellence that is incomparable with any other weekly newspaper in the United States. The PC is widely acknowledged as the most informative source of news and viewpoints concerning the Japanese American community.

The Pacific Citizen is published weekly and is available at most retail outlets for a subscription fee of $70 per year. The PC is the voice of the Japanese American community and is read by thousands of people throughout the nation.

The Pacific Citizen is the official publication of the JACL, the largest and oldest Japanese American organization in the United States. The JACL was founded in 1909 and has been active in promoting the rights and interests of Japanese Americans ever since.

The JACL is dedicated to promoting the interests of its members and to providing a voice for the Japanese American community. The JACL is committed to promoting the well-being of its members and to fighting for their rights and interests.

The JACL is a powerful organization that has been at the forefront of many important causes. The JACL has been active in promoting civil rights and in fighting for the rights of Japanese Americans for many years.

The JACL is a proud and distinguished organization that has a long and storied history. The JACL is a source of pride for Japanese Americans throughout the United States and is an organization that is dedicated to promoting the well-being of its members and to fighting for their rights and interests.
From the Frying Pan

By Bill Hosokawa

Denver, Colo.

No UPRAISED EYEBROWS—Solicitor-General Chandler, which friends asks if Nisei run into housing or restaurant discrimination on their summer vacation travels. Far as I know, they don’t nowadays. But they did encounter many a 120 per cent bigot during the war years. Some folks thought they were bringing victory nearer by refusing to serve Nisei wayfarers (some in U.S. army uniform) a meal. Over the recent 500-mile trip to the West Coast and back, we didn’t encounter so much as an upraised eyebrow. Seems our travelers checks were as good as any body else’s.

ADD IMPORTANT JOBS—Denver’s Urban Renewal Authority this week named J. Robert Cameron its executive director, and Floyd Tanaka its chief deputy, with title of senior officer. Tanaka had been acting director of the authority for more than a year while the rector of the authority for more than a year while the

15th Biennial Underlines

Chairman, National JACL Convention Board

Salt Lake City

OPAQUE IDAHO POTATOES—Last week, Joe Nakano of Idaho Falls, first vice-chairman of IDC, came to town and informed us that he has 300 pounds of choice U.S. No. 1 Idaho Burrels in cold storage waiting for the national convention. Since we do not have any plans here in Salt Lake to store so much for so long, we are writing to ask you to keep them for us until convention time. In the meantime, legislation has been made with Hotel Utah to prepare the potatoes for our main convention banquet and possibly couple of other menus. In other words, we’re going to be treated to some famous Idaho food, thanks to Joe.

Early Arrival: Although the convention is not scheduled to open until next Monday, we are pleased to be informed that some of the “bosses” are scheduled to arrive early. They have volunteered to assist with last minute details so as to arrange their preparations. May be unpleasant to be here Mon, May 20th is unpleasant to be here. Monday, Mike Nakano will arrive Tuesday evening. Roy Satow and family will drive in Wednesday afternoon, while Harry Honda will join us early Thursday. On Friday, all of the National Board ought to be here, for their meeting.

Housing: We have to sound like a broken record, but after this week, the unserved rooms will have to be turned back to the hotels and motels for the regular guests. So if you do not yet have a reservation, the housing desk cannot be guaranteed. In fact, the singles at Hotel Utah are all gone now, so delicate will have to share beds or take larger quarters. Motel Utah does not request payment of the other motels, and they are going fast.

Chapter Public Relations: The local chapter is going all out to have the P.C. reprint those articles so that a wise decision can be made on this subject. The only problem is how to get the mimeographing done. There were some big legal size pages. Our mimeographic machine has its own mimeographing equipment so this becomes an inhibition on the parties that do our printing work. I am wondering how much it would cost to have the P.C. reprint those “PC with Membership.” I am sure there are many people who would be interested in purchasing it. I am not interested in selling more than 100 copies of it.

Cincinnati needs from 86 to 103 subscriptions. If the cost for reprints of the two articles is $3.00 or less that number is not more than five dollars, please send us the reprints.

KANAYA & TOKI

Cincinnati JACL

In this connection, the Chicago JACL reprinted into two little packets, the two best method both articles and distributed them. They have been out for several weeks ago. We do not know how many were available for the other chapters, we are sure able to provide their membership with this reprinted material, but it serves as an instance where “PC with Membership” could have made a situation.

EDITOR

Most PLEASANT SURPRISE—Editor: One of the most pleasant surprises appeared in the Pacific Citizen July edition in the letter from Lawrence, Kansas, to the City Planing Board of Denver which reprinted a letter from Denver, Colorado, to the City Planning Board of Denver, Colorado and worked as an apprentice for several years in the plumbing trade. When he finally applied for a license as a “Master Plumber”, he was rejected time and again because of his racial ancestry. This was evident because many in the trade by this time had known him for many years. We still suffer from anachronistic determination and finally resisting to accept him. Finally, after some years of active, he received his license and it was the first one issued.

Due to this determination and the resistance in the discriminatory class, today, he is a highly skilled, experienced and capable plumbing businessperson. Perrollable and well respected in the community, the American people and their friends across the oceans, that democracy will make mistakes, but also does from them. It also indicates that Lawrence, Kansas, has made advances in discrimination, that actually affects all the people. It is not more than 103 subscriptions.

Flower Drum Song

"Flower Drum Song." Broadway's biggest biblical for the fall. Already something of a tribute to the talents of Mr. and Mrs. Lincoln. There was a time not too long ago, when a Broadway impersonator wouldn't have dared to make a name for himself and be an impersonator of Asian ancestry. But Richard Rodgers and Oscar Hammerstein have used Oriental Americans in two of their biggest hits, "South Pacific" and The King and I. In the latter they contrived two of the leading dance roles for Yuriko Kikuchi and Michiye Itami (Mrs. Itami won the best actress award for her portrayal of a Geisha in San Francisco's Chinatown as part of a musical drama, known by critics as the first musical to bring an Asian American into its cast.

Rocco Siliciano, classmate of Masaoka, named to Pres. Comm. on Gov't Contracts

WASHINGTON — Rocco C. Siliciano, Special Assistant to the President, has been designated to be the White House liaison officer with the President's Committee on Government Contracts, the White House informed the Washington Office of the Allied Trade in Washington.

Siliciano, who was formerly Assistant Secretary of the Navy, in charge of employment and manpower, had been serving as a member of the Eisenhowers' administration's Special Committee on Labor. He has been appointed Special Assistant to the President for Personnel Management, in charge of labor and manpower, and will report to the President's Committee on Government Contracts.

When National President Roy Nichols was in Washington last May, he met with Siliciano together with Mike Masaoka, Washington Representative, who is a personal friend of the late Senator from Hawaii, but not in a professional capacity. They had also come to present the Style Suchet, a most famous story by a Chinese American, to be made into a musical. The dramatization is from Richard Rodgers' original story, "The Kentuckian Restaurant of San Francisco." The production is from the Rodgers-Hammerstein Organization, which is involved in an inter racial alliance with the White House.

The White House is currently involved in the production of a play which again involves an inter racial alliance. This time it is with a production of "A Chorus Line," a musical drama by Michael Bennett and James A. Inspiration, which is about to open on Broadway. It is the first production of an American musical to open on Broadway, and the first to be directed by a black American, Alvin Ailey. The production is directed by George Abbott, who is also the director of the production of "The King and I," which is currently running on Broadway.

The National Director's Report

Full Day Plans for Youth at Convention Set

Salt Lake City. - The 15th Biennial JACL Convention is deeply grateful to the young people of the Salt Lake Chapter for their planning to make the convention a success. Last Friday, the convocation chairman commented to day, "They are planning every minute of the Convention Mix, the Saturday Night Social and the Convention Hi-Co Dinner." The Convention Hi-Co (11 p.m.) School and a Country Dinner starts for Saturday, Aug. 22, 6 p.m., at Harry Manaka's home. Thirty-four Nikkei Troupe, will be a gathering of the young and all Japanese organizations in the country attending the convention. The last program will be held Saturday morning at the Salt Lake area, according to Hashiba and Orosi, Calif. (Alternate) Kaz Ikematsu and Alice Sekimo, both Univ. Utah students, in charge.

This is why the participation of delegates in the various National Council sessions will be the seven oratorical competitions. This year, the judges had to go into great detail, so close was the competition. So close is the competition, there will be a few more memberships coming in prior to the Convention. We hope that we may enlist the support of the 13,000 thousand young people before adjournment of the Convention. This all time high of some 1,280 names will be the result of the enthusiastic recruiting campaign of our members, as George Soto, press secretary, expressed satisfaction that we had, and Paul Saito. 109th Club chairmen, and their co-chairmen of the Snake River Chapter who were not canvassing until the evening of the deadline date of July 21. Paul Saito phoned at the late hour of 11:30 p.m., that he was ready to report on new members.

Looking ahead to the convocation, we are exceedingly pleased with the very constructive programs suggested. Our thanks and appreciation to Teiko Kurowa, Victor Abe, Fred Hoshiyama, Dr. Kazue Togawa, Teiko Inamori, Bob DeCarli, Jack Ferguson and Ikuo Satoh. This is why we have been able to avoid our policy that bowlers in Hawaii who have participated in Tamura, (alt.) Conventions Delegates, Alternates appointed by over 40 JACL chapters

San Francisco. Forty one JACL chapters have designated official delegates to the 15th JACL Convention. Those weeks have, accordingly, been flown by, and, not one more week remains until we convene in Salt Lake City for that purpose to be another stimulus convention. We are looking forward to receivingaccomplishments with many of you there. The Convention Mixer, the Saturday Night Social, both being presented by the youth from other chapters.

SUGAI: Stockton-Dr. David Fujishige: Tulare County-William "Tom" Yamada. This is why the participation of delegates in the various National Council sessions will be the seven oratorical competitions. PC Letter Box: U.S.-Japan Question

S YL E WILL IGNOR E HER? (Ed.)

Editor: I have just finished working on this matter, and I've come to the conclusion that the greatest challenge to American-Japanese relations is the current issue of the Pacific Citizen (PC) Board. In my opinion, the Board's decision to raise national dues from $2 to $4 for every JACL household will have a significant impact on the future of our organization.

The PC Board's proposal is that this plan be adopted, to become effective immediately. The Board has estimated that if there are 12,500 members in 1959, it would cost $2.40 for PC gift subscriptions to each chapter. The Board believes that this plan is necessary to ensure the financial stability of the JACL, and that it is essential for the organization's survival.

However, there are several concerns about this proposal. First, the cost of living is rising, and members may not be able to afford the increase. Second, the Board's decision to raise national dues from $2 to $4 for every JACL household is not feasible for all chapters. Some chapters have larger memberships and can afford the increased cost, while others have smaller memberships and may struggle to pay the additional fees. Third, the Board's decision may create a backlash against the JACL, and lead to a loss of membership.

In conclusion, I believe that the PC Board's decision to raise national dues from $2 to $4 for every JACL household is not feasible for all chapters. The Board should consider alternative solutions, such as a smaller increase in dues, or a more gradual implementation of the plan. The JACL is an important organization, and it is essential that it remains financially stable. However, it is also important that the organization maintains its membership and continues to provide meaningful services to its members. I urge the Board to carefully consider the implications of its decision, and to work towards a solution that is fair and sustainable for all chapters.
OPENINGS FOR JACL GOLF TOURNAMENT

SAINT LAURENT AND TERRY LORD of the Yaiku-ku, chairman of the 12th National, National Japanese American Golf Tournament, announced this week that his committee will accept a few additional golf entries. Although the deadline has passed, there are still a few very starting spots available, he said. All golfers who wish to late-entries reach him before Monday, Aug. 18. The 36-hole finals will be played at the Maidenhairbrook and Beverly Golf courses.

Gold entry forms are available through chapter presidents, the executive and through Convention personnel.

Nisei Week golfer

A huge field of 218 golfers teed off at the Nisei Week Hawaiian Days in four flights over a tricky 6,000-yard Royal Hawaiian course yesterday, who won three years ago, repeated with a 76, gross, outpointing 75 in the first flight.

ST. LOUIS CARDS TO BARNSTORM JAPAN

ST. LOUIS, Mo.—The card schedule in Japan plus eight more in the States, flew via the trans-Pacific route to join the rest of the team at Salt Lake City.

Berna Nogaki, manager of Ralph Miller Co., who has been long associated with junior rowing and other athletic events, has leased the old Broadway Baker of the Jackson Street Community Council to hold the dinner at Jokikitchen immediately after the finals of the Gold Cup Saturday.

LOS ANGELES 17, CALIFORNIA
Biennial awards
(Continued from Front Page)

Matsuno Sakai, who served as a special service chairperson, announced that supervised this evacuation, major clarifications through appropriate amendments was had in that supervised this evacuation.

One of the difficulties about the parade needs to be ironed out. The parade is axiomatic that claimants are never satisfied with the amount of money that they will receive. Only a small percentage of the claimants go on strike, but the rest continue to work and help mail the papers during the strike.

Miss Sakai is the ranking Nisei journalist in the country, the only one chosen for group study for 1957-58 by the International Cultural Center at St. Louis, Missouri.

She has been active in various civic and community affairs. Miss Sakai is a member of the Nisei Week Festival Committee and has served as language translator during various assignments concerned with the preparation of the festival's programmes. She has served as a junior high school teacher, but has been on strike the last few years.

Nail JACL to Honor Justice Department Officials for Evacuation Claim Settlement

Department of Justice officials who are responsible for a successful completion of the evacuation claim settlement program are being honored by the Japanese American Citizens League (JACL) at its 15th Biennial Convention in Salt Lake City next week. George I. Inagaki, chairman of the National JACL, Recognition Committee announced.

Assistant United States Attorney Generals Director Robert Pirosh of "Go For Broke" fame. Japanese ancestry arbitrarily removed by military fiat from their homes and associations on the west coast in the spring of 1942. More than 20,000 claims were compromised and settled, leaving 24,000 claims from February 15, 1942. At the time, the 200 claims left, they are confident that they will be completed and closed-to our knowledge-so, this in itself is Under this final amendment that the program will ever instituted and closed.

The Nisei of the Year. The Aug. 25 dinner program also features the eagerly awaited announcement of the "Nisei of the Biennium" awards as well as the installation of the officers of the Nisei of the Year. Among honored guests are Governor Edmund G. Brown of California and Attorney General George C. Doub of the United States.

The list of names of the program's honorees was submitted to Congress in late June of this year. Last May, the names of the honorees were announced. In April, the phone numbers of the honorees were submitted to Congress, said. "The law as passed by Congress, the Japanese American minority at the time, they had to do the best they could under the circumstances. They had to make judgments, to decide what they would accept as "persons of Japanese ancestry," heard.

This indeed is understandable feeling among many evacuees who were told than only ten million dollars would be paid to the Japanese evacuees. By the Japanese American minority, and as a direct consequence of the war, millions of dollars were paid to the Japanese evacuees.

The program will be the first that our Federal Government has ever instituted and closed. To our knowledge-so, this is in itself an understandable feeling among many evacuees who were told than only ten million dollars would be paid to the Japanese evacuees. By the Japanese American minority, and as a direct consequence of the war, millions of dollars were paid to the Japanese evacuees.

By the Japanese American minority, and as a direct consequence of the war, millions of dollars were paid to the Japanese evacuees.

An interesting feature of this program will be the first that our Federal Government has ever instituted and closed. To our knowledge-so, this is in itself an understandable feeling among many evacuees who were told than only ten million dollars would be paid to the Japanese evacuees. By the Japanese American minority, and as a direct consequence of the war, millions of dollars were paid to the Japanese evacuees.
