The Democrats Tuesday scored one of their sweetest victories by landing the greatest control of Congress since the New Deal days. As this is being written, Demo-
crats appear to have secured a 62-34 lead in the Senate and a 291-154 ma-
jority in the House.

And what happened in California with two Re-
publican leaders, Sen. Knowland and Gov.
Knight, both beaten by Atty. Gen. "Pat" Brown for the gubernatorial seat and Rep. Engle for the Senate, overjoyed Demo-
crats exceedingly, especially those who parted
with the party from the days of the New Deal, and we are thinking of the two Nisei Democratic clubs. For having labored in the campaign, the vic-
tory must be even more meaningful to them per-
sonally.

So the lesson in citizen engagement is gained.

There would be exceptions from the Nisei.

SEVERAL CHANGES in format go into effect this week. These are the consequences of some careful study in recent weeks to re:pay the Pacific Citizen as complete in content for our readers and fulfill the wide variety of their tastes.

And we also invite the rank and file JACLer and PC reader to utilize the "PC Letterbox" column in an exchange of thoughts, though names will be withheld upon request. I am going to have to depend a lot on you fellows to do this.

The little town of Calipatria sits 184 feet below sea level in the Imperial Valley. The town药store continued to operate. They also raised a merchant fund for his wife but the husband thought the best way to report it was for a flagpole. The news got around and others looked on life strikes one heart.

In this issue of the Pacific Citizen we will be on hand for the reading of what they say is the highest flagpole in the world—exactly 184 feet high.

It is not just another flagpole-raising. In a sense it is a memorial to a Japanese woman resident of Calipatria, Helen Momita, who was killed in an auto accident near San Bernardino a year ago.

Her husband, Harry, who was seriously injured in the crash, ran a drugstore, while he lay in a hospital for months, recovering. The news got around and others looked on life strikes one heart.

As its base is a marker with the legend: Good Neighbors, Calipatria knows that being a good neighbor means something.

Nisei Square Club for master masons grows, has 30 Nisei and 3 Issei members

WASHINGTON—A steady growth has been reported in recent weeks by Dr. Henry K. Minami, acting chairman of the International Masonic Square Club, which was informally formed by four Nisei Masons who were attending the National JACL convention last August in Salt Lake City.

From a group of four Shriners to 10, to 20 and finally to 30 Nisei and 3 Issei members, the club has been growing. It was formed by Timoshenko, a Japanese student at the University of Toronto, and B. K. Lee, a Japanese student at the University of Chicago.

The Grand Lodge of Ohio became the 22nd state to recognize the Masonic Japanese at its recent annual communication.

Each constituent lodge in the Masonic Japanese Association sends a delegate to the annual meeting, which is held in Salt Lake City each year.

Dr. Minami, who has been working with the lodge, was invited to join by writing to Dr. Minami, 314 S.W. Washington St., Seattle, Wash.

The lodge has a membership of 300, and meets every other month in Seattle.

Only 10 pct. of Japan war brides seek welfare agency assistance

BY BERRY SUZUKIDA

CHICAGO.—Where are the Japanese American women? The Chicago JACL mailed over 1,000 questionnaires to the wives of Japanese American veterans, on Nov. 2, at the Palmer House.

About 26 people attended the stimulating session which covered two broad areas. (1) What are the Problems and Prospects of Japanese American Women, particularly those who are here in Chicago? (2) In suffers from whom little I've seen and tasted, I'm ready to agree with them.

The next, it was neatly served and was eating his with gusto. I stalled a moment waiting of rice and placed it before me.

Among the highlights of the session, which was sponsored by the Women's Committee, was a statement made by Mrs. Chiyo Omachi, 57, of Sacramento, Calif., a professional singer, one of the most famous of the Japanese Madame Butterfly operas.

The Chicago JACL has joined the national chapter in its drive to help the woman of the various subjects were: What Bre 'I'hey Dolng--and the various roles as her futur e develops.

The number of women who were 26, is scheduled to make her Seville in the role of Cio-Cio-San.

The National Director's Report

By Mosso Satow

(Something happened between here and San Francisco as Mr. Satow failed to make the deadline this week. Normally, we would have Prof. Takiya fill in with this report, provided he was alive and in the picture, but he is taking a well-needed respite this week...)

Makalani Homokani is back at his desk here this week. He was on loan to the National Convention Board in early July and then hurried home to Spokane to be with her father, who is seriously ill. He died last Oct. 16. Our circulation management associates in Spokane, Idaho, noted that the last issue we have received was this past week's issue without the cover featuring Friday. It usually goes out on a Thursday. If we have not received any notice of the situation, let us know again. Editor.)

Quarterly chapter activities report to Headquar ters inaugurated by NC-WNDC

SAN MATEO - "A system of regular reports on JACL chapters on their activities to National Headquarters was one of the items discussed at the headquarters meeting. Six reports were presented to the NC-WNDC chapter on the activities of the Southern California-Western Nevada JACL District."

Illinois ANNUAL CONVENTION - At the 1st Annual ANNUAL CONVENTION of the ANNUAL CONVENTION, the following resolution was made

More than 100 delegates from the chapter met in San Francisco in September. More than 200 were present to examine the poor education system in the community in the evening.

The Contra Costa Chronicle, which was brought up at the Salt Lake City meeting, was reported by Jerry Kurokoma, national program committee chairman. It was noted that National Headquarters would soon issue a brochure of the special programs to serve as a guide for possible chapters to host."}

The district council recommended quarterly rather than monthly reports and voted to urge a triennial. Also accepted was the recommendation of headquarters to advertise chapter events. At least one board member will host a trip to either a chapter's event.

The new board was installed in the banquet by Mosso Satow, national director of publications.

Dr. Saburo Nagumo was the keynote speaker for the banquet program. Horace Marshall, the Pennsylvania president of the JACL, will remain on the board in his capacity as permanent vice-president of the JACL.

Emomoo is a psychologist on the staff at San Quentin state prison. He is a two-year-old president of the San Francisco JACL and was chairman for the 1954 national convention.

The new board was installed in the banquet by Mosso Satow, national director of publications.

Joining the clique isn’t that difficult

Omaha

You have all heard that old song and dance routine

"I'm not joining because there is a certain CLIQUE in that group." Well, here is a different slant on that world CLIQUE.

For instance—word has been received by the Board of your Chapter that it is run by a CLIQUE. Upon investigation we find that this statement is true. Furthermore, we find the CLIQUE is composed of faithful members who are present at every meeting; who accept appointments to committees; who give willingly of their time, energies and efforts; and who sincerely believe that the more one puts into his or her organization, the more he or she will get out of it.

There is no question that the enthusiasm, responsibility and efforts of these members are of inestimable value to your chapter, and we would therefore suggest that you JOIN this CLIQUE. It isn’t a difficult matter to do so—in fact it is very easy. Begin by attending meetings regularly; take more lively interest in chapter activities; make helpful, constructive suggestions and accept responsibilities to serve on committees; show a continued interest in all affairs pertaining to your chapter.

Before you realize it, you will become a member of the CLIQUE—you would be surprised to know how anxious they are to have you!

I personally am proud to be affiliated with a chapter whose membership all form a CLIQUE. A perfect example is demonstrated by the enthusiasm shown by all of the members who came out in mass to assist in a Sukiyaki Dinner, which they sponsored recently for the Rotary International Dinner. The very capable chairwoman, Gladys Hiraayoshi, informed us that when she contacted the members, no one person declined to assist. Working women, with children, retired senior members and in fact every member volunteered their services. Everything worked to perfection—WHY... because the CLIQUE worked together. Give a member a responsibility and they will feel that they belong. Respectability walks hand in hand with capacity and power.

JOIN THE CLIQUE IN YOUR CHAPTER TODAY!

SALT LAKE SCENE

BY ALICE KASAI

Salt Lake City

During United Nations week, the Salt Lake JACL renewed its organizational membership with the United Nations as a public gesture supporting the principles of the U.N. and world peace. The chapter which is also urging individual memberships, noted further its formation from Henry Kasai, chapter representative to the UADT.

In cooperation with the recently established Salt Lake JACL convention that observance of Nisei GI Memorial was suggested at the last Sunday of October to be suspended, the chapter did hold a ceremony last Sunday night at the Mayer Memorial to be held on Memorial Day, May 29, when the entire nation remembers the war dead.

First 100 Club Lifer

Mrs. Edward Wagner of the Wagner Bag Co recently learned of JACL's program after being mentioned by George Sagati, national 3rd vice-president, of Payette, Idaho, and Patrick Okura were recently selected a new general chairman.

Dr. Ichiro Togasaki is another active member who will be featured. On the dance floor, entertainment has been planned by Emily Fujikawa, Jane Nakagawa, Darlene Kawano and Marlene Nakamura. Driving the float were chapter president Mikiko Uchiyama and past president Tom Kamikawa. Prank Sukahara was float fund driver and George Torkos, contact.

Baseball in Japan... 

With the Louis Cardinals backward and out of the pennant race at the present time, the indications are that the spectator in major league baseball is in for a disappointment this season. The Cardinals, who were once a major league favorite, have fallen back to the second division of baseball. This is unfortunate for the fans who had expected a better showing from the Cardinals. The Pittsburgh Pirates and the New York Giants are the teams that will probably take the pennant this year, but the fans of the Cardinals will have to wait for another year to see their team win the championship. The Cardinals have been in a decline for several years and it is a sad commentary on the management of the team. The fans of the Cardinals should not lose heart, however, for the team will undoubtedly improve in the future and will once again compete for the pennant.

Shonion Child Care Center

The Detroit Shonion child care center has completed its first six months of operation this week, according to its director, Mike Suzuki.

While the center was under care limited during the "breaking in" period, Suzuki said he is now able to accept up to 12 children at the 6:00 p.m. bed hour.

The services of the Shonion have changed since prewar when a year's attendance at the Silverlake district residence was $15.

Family crises such as serious illness or death of a parent, the breakup of marriage, and difficulties in providing adequate supervision and guidance can sometimes mean that the needs of a particular child can best be met through care in a foster home or in a residential care program such as now offered by the Shonion.

We have also discovered that there are out-of-districts of Japanese ancestry which make inquiries to the Shonion regarding adoption of children. We have been told by Mike that although his office does not handle such type of service by a few social agencies which handle case...

GARDENERS FORM STATE-WIDE COUNCIL

With the Long Beach Gardeners Association as host, a state-wide Japanese American landscape workers convention was held this past weekend in the city. The two-day meeting in Long Beach attracted over 300 delegates and observers from all parts of the state. A District JACL officer, was among the committee heads.

In a real pep-talk lecture, Victor H. Pinckney, Jr., who is an expert on gardening, told the Long Beach County Fair, said gardening is a profession and workers should... continues... for next February. Five representatives will be allowed from the three districts.

Shonion Child Care Center

The Detroit Shonion child care center has completed its first six months of operation this week, according to its director, Mike Suzuki.

While the center was under care limited during the "breaking in" period, Suzuki said he is now able to accept up to 12 children at the 6:00 p.m. bed hour.

WASHINGTON. — The Washington Post reported on a Supreme Court decision, stating: "The Court ruled that the imposition of the curfew regulations was unconstitutional because of "guilt by affinity" with the enemy, and that nisei in the United States were no different from other citizens in terms of loyalty and sacrifice in the war."

The court's decision was also noted for its implications for future cases involving civil liberties and national security. The Court's ruling was seen as a significant victory for the Japanese American community, particularly after the court's earlier decision in 1942 that supported the internment of Japanese Americans.

This decision, along with others that followed, helped to solidify the legal framework for the protection of civil liberties and highlighted the role of the Supreme Court in upholding democratic principles during times of national crisis.
