TO: JACL, Chapter Presidents, Chapter Publicity Chairman ARE YOU TOO BUSY? The Pacific Citizen is gratified for the publicity releases received from JACL Chapters - whether they are typed, printed or handwritten - as they give full appreciation for the continuing efforts of chapter and community activity. To serve as a basis for the style and layout copies we submit the following suggestions:

- Each release or story should contain the following essential facts - known to reporters as the 5 W’s - WHO, WHAT, WHEN, WHERE and WHY.
- WHO - Names should be as complete as possible, also giving address if known, age and occupation. To simply list a name (especially if it is the chapter president or other prominent leader) lends dignity and color.
- WHAT - This should tell what happened to the WHO of the story. This is the heart of the story for it activates the curiosity and interest which can be aroused very simply.
- WHEN - Although this may not be as simple to answer, includes background and gives detail. In fact, there may be no "WHEN" at all if only the "HOW" is of the place of the WHO of the story.
- WHERE - This is the most important factor - a key to the WHAT of the story. Include the place where the activity took place. If the story or article is typewritten, newspaper practice should be followed. Curious copies are available.
- WHY - Includes the style of presentation does not matter. An honest number story is always welcome. Purely promotional publicity stories do not come under this provision.

PHOTOGRAPHS - The Pacific Citizen policy is to pay $27 per roll for negatives, and $10 per 8x10 glossy print for use in the Magazine. Prints and negatives must accompany each request. COPYRIGHT PHOTOS - The Pacific Citizen will appreciate receiving clipping from hometown newspapers, in particular vital statistics, photographs and editorials concerning the JACL JACL and the Magazine, a member of the JACL, the Kaiser Hawaiian Holiday Home of Pacific Citizens.

The New Year of 1959 dawns upon the JACL organization. The keystone, both on the local and state levels as well as the national level, seems to be legislative activity. In California with a new Democratic House and Senate, the passage of a state Fair Employment Practices Law seems possible for the first time. In the State of Washington, the repeal of the Alien Land Law patterned after the perennial and now invalidated California Alien Land Law, is under way. In the National Capitol, statehood for Hawaii is again being vigorous to repeal, or at least to be so filibustered by an amendment to Senate Rule 22 is gathering momentum and support.

The full force of all the members and chapters of the JACL is now being mobilized. Committee meetings are being held. Problems of strategy and timing are being studied. Educational leaflets are being distributed. Community organizations are being contacted for their interest and support. Political officeholders on the state and national levels are being contacted individually or in a delegation of JACL members. Funds are being raised to finance the campaign. Days and nights are being spent by hundreds of people to affect a change in existing laws or to create new laws or to repeal discriminatory laws.

Over all these activities there pervades on the part of the JACL members and chapters a quiet confidence, coupled with earnest endeavors, that through the democratic processes of legislative changes, old wrongs can be rectified and new laws passed. The sole purpose of these legislative activities by the JACL members and chapters is pointed toward the fundamental principle that on an individual, no matter his race, color, creed, or national origin, be recognized on his individual merit; that an old alien land law, rooted in racial discrimination against the Japanese, can be erased; that the great Territory of Hawaii with its loyal residents be recognized as a sister state; and to nullify a stultifying law against the Japanese, can be erased; that the great national origin, be recognized on his individual merit; that an old alien land law, rooted in racial discrimination against the Japanese, can be erased; that the great Territory of Hawaii with its loyal residents be recognized as a sister state; and to nullify a stultifying law against the Japanese, can be erased; that the great national origin, be recognized on his individual merit; that an old alien land law, rooted in racial discrimination against the Japanese, can be erased; that the great Territory of Hawaii with its loyal residents be recognized as a sister state; and to nullify a stultifying law against the Japanese, can be erased; that the great Territory of Hawaii with its loyal residents be recognized as a sister state; and to nullify a stultifying law against the Japanese, can be erased; that the great Territory of Hawaii with its loyal residents be recognized as a sister state; and to nullify a stultifying law against the Japanese, can be erased; that the great

WILSHIRE AGENCY
730 S. Western Ave., Los Angeles • Phone: DU 5-9044

Population increases in the Los Angeles area... together with the rapid growth of our own organization... have, for some time, indicated the need for an additional agency office in this locality.

To provide greater convenience and expanded service facilities for present and future policyowners, we take pleasure in announcing the establishment of the new Wilshire Agency.

The new office, heretofore a sub-office of our Pasadena Agency, will be under the management of Mr. Harry M. Fujita who served for the past four years as Assistant Manager. Mr. Fujita is a member of the 1958 Million Dollar Round Table and has been the recipient for five consecutive years of the highly coveted National Quality Award. His outstanding record in sales training and organizational work led to his present appointment.

Under Mr. Fujita's capable leadership, and with the assistance of his splendid staff, our many friends and policyowners may be assured of the highest standards of counsel and service.

Staffed for Service!
These members of our new Wilshire Agency are qualified through experience and training to provide expert, professional help in your life insurance plans.

Ellison appointment to vacant Court of Claims seat urged

WASHINGTON — Attorney General William P. Rogers has been urged by the Office of the Japanese American Citizens League, which is interested in the appointment of a new chief of the Japanese American Evacuation Claims program. In the ten years as chief of the Claims section of the Civil Division of the Department of Justice, the agency has awarded more than 800,000 claims for losses arising out of the internment of Japanese Americans in the spring of 1942 by the Department of Justice.

Earlier this month, Ellison received the annual Meritorious Service Award of the Department of Justice for his activities and leadership in the administrative phases of the Japanese American Evacuation Claims program.

Charge city negligent as Nisei shot by policeman files $14,000 damage suit.

DENVER — A Nisei who lost his life in a December 29 shooting against a policeman who shot him in the face filed another suit to collect $14,000 from the officer, the city and county of Denver.

George K. Tanaka, 37, of Denver, who changed the city with negligence resulting in a shooting, shot a marksman's leg on the night of Dec. 30, 1956, by Policeman Ely H. Hamlin, 41, of the 17th and Market police precinct.

Hamlin and all other officers in the metropolitan police force looked for a car that was last seen near 3507 W. 29th Ave., shortly after a robbed bank at the Imperial Gardens First Federal Savings & Loan.

Hamlin's suit was described as a "Young Turk" revolt of the Senate rules in order that a majority of that body, after full and free debate, may vote chance, and thereby eliminate the filibuster as a threat to meaningful civil and other "forward-looking" legislation. In the House, a liberal bipartisan bloc of almost 200 members has been trying to reduce the effectiveness of the Rules Committee to piggyback "progressive legislation" over conservative opposition bills.

The JACL is committed to both changes and has cooperated with the many other like-minded organizations to attempt the revision of the Senate and the House rules. Though neither of the major revisions appears to have much chance of accomplishment, though there will be some face-saving action and action from both chambers.

Charge city negligence as Nisei shot by policeman files $14,000 damage suit.

The evidence showed that there was a police radio for the Tanaka family and he found it and brought the car to a halt. When Hamlin ordered the occupant to pull over, Tanaka started the car and rammed him with the car.

Final Christmas Cheer sum $2,800

Chairman George Fujita of the recently concluded 11th Annual Christmas Cheer campaign, ending Nov. 30, said $2,800.97 had been pledged to the jubilee's fund.

According to Washington reports, Majority Leader McCormack is hopeful Hawaii will this session become the 50th State.

It is said that the conservatives will also support the bill in the Senate. The bill, which was requested legislation as a leading member of two of the more liberal caucuses, it is hoped that the claimants with the most merits and legal acumen will now be able to claim $14,000 against the insurance company.

The bill would provide for a special election to be held on the same day as the regular election, and the proceeds from the special election would be used to pay for the cost of holding the election.

The bill also includes provisions to ensure that the claims program early this session is expected to be finished.
