The second chapter concerns the Cinderella team’s story formed by Northeast JACL. which won the championship with 2,835, the team’s first ever appearance.

The third chapter regards the record that women’s third in the women’s division; two women’s teams won 2,825 and 2,820, and their own all-averages mark 300 to 1044 in 28 games, 652 and 652 and 587 and the others by ChiTauma Tashima, who won the women’s division with 1,171; Shige Nakagawa of the Hawaii CC; and a pair of Japanese with 646-310-1375.

The final chapter is full of the brightest memories of the tournament, capped by the 1,904-1,936 record-breaking performance in the evening National JACL, honored Richard W. Garnett, who directed the American Bowling Congress and as president of the American Bowling Congress, was in charge of the personal devotion in promoting democratic bowling in the U.S.

While Denver Nisei Bowlers and California had accomplished the 1960 tournament, this having been another fine showing, the totals were accepted for 1961 by the National JACL Bowling Committee.

Over 350 various main and duplicate prizes distributed, another 3,900 in the Japan tournament. The tournament schedule for the best team was suitably divided into a single team (bowl all-events), which was found in the first place, the doubles of two different bowling centers, and in the second place, the mixed doubles and non-division. Before completing his story, Richard W. Garnett added: “Our bowling is rapidly gaining the battle offered to act as Hitoko’s official translator. "I am not highly educated, but I can work just about any language."

Washington's Alien Land Law

A SIGNIFICANT MILEPOST has been reached in the development toward the repeal of Washington State's alien land law. Sen. Mike Masuda, whose battle against the act has been long and arduous, wrote to the Japanese American Citizen Union (JACL) that the bill has passed both the Senate and the House, and will now be referred to the Governor for his signature.

The bill is a significant step forward in the fight against discrimination against Japanese Americans. The Alien Land Law, which was enacted in 1913, prohibited Japanese Americans from owning land, and was a clear example of discrimination against a minority group. The passage of the bill is a victory for those who have worked tirelessly to end this discriminatory law.

The bill was supported by a wide range of organizations, including the JACL and the Japanese American Citizens League. The JACL has been a leading advocate for the repeal of the Alien Land Law, and has worked closely with other organizations to ensure its passage.

The Governor is expected to sign the bill, which will then be sent to the Secretary of State for certification. Once certified, the bill will become law.

The passage of the bill is a significant milestone in the fight against discrimination against Japanese Americans. It is a step forward in the fight for equality and justice for all.

WASHINGTON STATE ALIEN LAW AND LAW REFERENDUM SET FOR 1959

SEATTLE — Abolition of Washington State's alien act, a provision of law, the committee believes that statehood will not in any way affect the desirability of the JACL's Washington act for its membership, as long as the act provides for the "holesale flower" shipping business,Fund, is maintained.

OSTER, EXECUTIVE SECRETARY

The law was "largely enacted at the urging of officials here and has been characterized as "the end of the Second World War." Masakoa quoted. "Still, it smacks of anti-Asianism at a time when the "Orientalism," on the part of the "Orientalists," is being felt by many Americans."

"Any foreign corporation can own land in this country. Why not?" asked Masakoa. "In America thinks more properly about the people who know it doesn't." Masakoa added.

Masakoa and Washington are the only two states that have alien laws still intact, he noted. He spoke before the Seattle Bar Association, Seattle Mayor Gordon Rolence, and the State PTA scholars in this subject during a three-day meeting.

"This Washington state legislature the next week reviewed the proposed state law, with the vote by the 1956 general elections.
