

By Bill Hosokawa

From the Frying Pan

Denver, Colo. HUTCH — There's nothing that makes a fellow quite aware of the passing years as the death of a younger person. The man in this case is Fred Hutchinson, the craggy former manager of the Cincinnati Reds, who died last week after a bout with cancer. Not even his brother, prominent physician, could help him.

I never knew Hutchinson, but I saw him play a lot of baseball. He was a contemporary of many of Seattle's Nisei. Franklin High School and counted among them as a friend. Hutchinson was about one school generation ahead of me. I saw him pitch as a gangling freshman, and even then he was a ballplayer with promise. Although one of us had the foresight to see him as a big leaguer and a manager, but I loved the game and was born with natural talent fired by a desire to win. As he developed, he dealt out a large share of misery to the baseball teams of Garfield High, which was my school and an archrival Franklin.

I think I saw Hutchinson make his debut with the white Indians of the old Coast League, and a bunch of us in the stands the night he made his last appearance before moving up to Detroit in the majors. Because he had been one of Franklin High's all-time sports heroes, and because he was a competitor, many a Seattle Nisei older than I mourn his passing. Hutchinson could have remained in Seattle a good many more years if his health had held out, and it seems like a dirty job of the old ball to have to go so soon.

THE SEADRAGON AFFAIR — One of the things about us and the Japanese that is hard for a Nisei to understand is why they tolerate the shallowest anti-American demonstrations such as erupted when the nuclear submarine SeadrAGON sailed at Sasebo. Such demonstrations are staged by left-wing minorities, and do not reflect the feelings of the majority. Still, they happen with knee-jerk regularity with Uncle Sam on the receiving end.

When Red China touched off its first nuclear bomb, as threatening to upset the precarious balance in Asia and set off a new atomic arms race, Japan's leftists were angrily silent. Yet it should be clear to all that without the shield of the U.S.-Japan Mutual Assistance Treaty, there would be a sitting duck for communist aggression. About American trade Japan's booming industry would lapse. The United States deserves widespread Japanese respect, not the kind of kicking around that seems to be a specialty of the Socialists, the Sohyo labor federation, and Zengakuren student organization.

The relatively few Americans who have made a study of Japan realize the masses do not support the leftists. But the general American public this is not clear. The fuss being up in Tokyo and Sasebo and elsewhere, in the absence of a strong general disclaimer, distorts the picture.

SEASON'S WARNING — The American Medical Association warns that fresh colds seem to be more contagious in older ones, that children's colds are more contagious than those of adults, and that dampness and chills apparently have little to do with causing colds, but that low humidity causing dryness in nose and throat contributes susceptibility to colds.

Nothing about kissing, though.

SEATTLE FAMILY WITH 8 SONS MAY BE NATION'S TOP

Veterans Administration
In Appeal for Family
With Impressive Record

SEATTLE — The Veterans Administration apparently has overlooked eight sons of a Seattle Seaside couple in its search for the nation's most impressive military service record. The family, the most, has been pointed to the eight sons of Mr. and Mrs. Thomas Matsudaira, 2236 13th Ave. South, who are veterans of active service. Two are in uniform and the eighth brother spent six years in the naval service.

The Veterans Administration speculated that the seven Kijara brothers, sons of a Pacific Northwest Seaside couple, might hold the record. In a Veterans Day appeal, the VA asked for information on other families with extensive military service.

Edmund Matsudaira, son John, 41, is a professional artist, 1934-35. Ave. South. He served with the 44th Infantry, was severely wounded by a mortar explosion. Doctors removed 12 fragments from his body.

Other veterans among the Matsudairas are: Michael, 40, of 3236-33rd Ave. South, who served with the 44th Infantry, was severely wounded by a mortar explosion. Doctors removed 12 fragments from his body.

Rep. Miller visits Japan

PRETTY SANSEI CO-ED BREAKS INTO FRONT PAGE

SEATTLE — It's not often a Sansei girl makes the front page of a newspaper, but Nancy A. Matsudaira did last week in pictures with the Daily Times here.

She has been a familiar figure to football and basketball fans as song and cheer leader at the UW campus and at Cleveland High, and the Daily Times featured pictures of her with pom-poms in one hand and books in the other.

She revealed that she got straight A's in her junior year when she was carrying 20 units and when UW went to the Rose Bowl. She quit her song leading chores this year but has been active in a host of campus organizations.

Daughter of Mr. and Mrs. Jim Matsudaira, 331 S. Stevens St., will grad degrees in both English and French from the Univ. of Washington in June. She has a 3.7 grade average.

Nisei pianist scores with Oakland critic

BENKLEY — Miss Hiro Inoue's performance of the Brahms First Piano Concerto Nov. 2 with the Univ. of California Symphony Orchestra at Meritt Hall was called "memorable" by Oakland Tribune critic Paul Heston.

"Only every few years of the music world is ripped from its normalcy by a performance that remains etched in his memory for a long time," the critic began. "Adjectives come cheap in art and just criticism."

She is a 21-year-old American pianist who is due to make her debut in Japan.

"She is forceful without being braggart, graceful without being fragile, sensitive without being insipid."

A shy music major at U.C., the junior student has been invited to play with the San Francisco Symphony, San Francisco Opera, the Los Angeles Philharmonic and the Oakland Symphony.

Chicago bowling council promotes JACL tournament

CHICAGO — The Chicago Japanese American Bowling Council, which was organized recently to coordinate local bowling activities among the various leagues, is promoting the National JACL Nisei Bowling Tournament being held in Denver, Nov. 21, at Century Lanes.

The Bowling Council, which is in its way affiliated with JACL, is conducting a fund drive to defray travel expenses of bowlers planning to participate in the JACL tournament.

Hawdon-born jockey
debuts at Sportsman Park

CHICAGO — A young fellow who had never seen a horse run until he came to the Mainland five years ago made his riding debut at Sportsman Park when the fall racing season opened here recently.

He is Larry Kamikaze, 24, from Hawaii. He learned to handle horses at Hollywood Park, got his first race card and he remembers this well because he fell off the horse on the way back to the paddock at Del Mar, and he appeared at Del Mar and Omaha.

Sac'do State gridders charge a la Kamikaze

SACRAMENTO — In Sacramento's State college's football brochure "Sac'do State is like a kamikaze," it is because of the way the players charge downfield, unafraid of anything or anybody but the bull.

"Gill Garcia, student varsity coach and I thought up the idea of the 'kamikaze' bull charge," added Howard. "Gill got the famous red paper, and it really shines."

Empire Golfers elect Sac'do State gridders charge a la Kamikaze

SAN JOSE — Albert Kobayashi was elected 1965 president of the year-old Sac'do State Golf Club at a dinner meeting held last week at the home course, Riverside, some 15 miles north of San Jose.

Outgoing president Roy Tompkins presided over the election. He also presided over the election of the club's officers and directors.

Director's Report

BY MARAO W. SATOW

NATIONAL BOARD MEMBERS

We welcome two new members to the National Board by virtue of their election this month to the chairmanships of their respective districts.

Energistic Dr. Tom Taketa of San Jose, now presiding over the North and Central California-Northern District Council, lost no time in calling a meeting on Veterans' Day of the District Group Health Insurance Committee to work out some of the details in getting the newly adopted health plan into membership. Tom is rather non-committal about his work with NASSA, but we know he has something to do with the ailments that are also about space for experimental purposes.

It immediately past NASSA Chairman John Yamaoka among several recent days, it's because he has been engaged in a shakedown cruise of a new, never-developed built by Bethlehem Steel which, he has been leased by the Navy.

Kate Arimoto of San Fernando Valley, the new Pacific Southwest District Chairman, is a relative newcomer to the national scene, but we know of his activities in the Chapter and especially his tremendous efforts in the campaign against Pro 14 in his area. His professional work in the area of youth guidance will be helpful in the youth program in his District.

The election of a new Chairman for the Central California District to succeed Dr. Tom Taketa, at the coming CCDC Convention on Dec. 54 will round out the National Board changes for the year. The interim National Board meeting has been set for the Washington Birthday weekend of Feb. 1965.

PACIFIC NORTHWEST

We are grateful to Mid-Columbia Chapter 1000 Club Harbin for opening up his J & V Cafe Assembly this past weekend in Hood River to accommodate the Pacific Northwest District Council meeting.

The PNWD Chapter 1000 Club Harbin ably facilitated the meeting through a long agenda.

On Saturday, night, the newly

formed Mid-Columbia Junior JACL headed by Maxine Hammar, 23 strong, hosted some 25 Junior JACLers from Portland at a buffet of sushi, teriyaki and show menu prepared by their grandmothers, to meet with the National Director and a social gathering. Paul Tamura, chairman of the National JACL, was also on hand. Koe and Lily Nishi were also with the Mid-Columbia group.

MEMBERSHIP RECOGNITIONS

Twenty-three Chapters utilizing their all-time high in membership and 28 others doing better than last year have boosted our National membership to 10,000 members high. As per announcement by Dr. Dave Mura, National Membership Chairman, for the past November, certificates of recognition for membership enrollment will be presented to those Chapters which have achieved all-time high with those Chapters which have achieved the highest percentage increase in their size category. The same of the Chapter President and the Chapter Membership Chairman will be duly noted.

San Jose Chapter which has increased its membership for nine consecutive years. Monthly Chapter shows continued increase for five years. Central Coast Chapter, San Fernando Valley five consecutive years increase, and West Los Angeles increases for five consecutive years.

BOWLING TOURNAMENT

In conjunction with a visit to the Mile Hi Chapter a couple of weeks ago, we met with the 1000 JACL National Bowling Tournament Committee chaired by John Katsuyama. Tournament dates are March 8-13 at West Denver Country Club in Denver.

Entry blanks should be out about the first of December. Tournament JACLers will appreciate the reasonable rates at the nearby Western Manor \$40 per day for four to a suite.

1000 CLUB ROUNDUP

Twenty-five 1000 Clubbers have already responded to our year-end roundup of members. We hope quite a few more will get their names in by the end of the month to be included in the PC Holiday Issue Honor listing.

NATIONAL ENDOWMENT

Dr. George Miyaki, Chairman of the National JACL Endowment Fund, reports that the amount of approximately \$20,000 deposited a year ago in a no-load mutual fund appears to be over \$20.

Kuso-e exponent

LOS ANGELES - Originator of modern Japanese ink wash (Kuso-e), Keiko Hata will appear before the Los Angeles JACL Chapter on Dec. 7 at 7:30 at Lytton Center of Visual Arts. Known for her pictures of children in action, her meditations are done in past, bits of paper grouped and finally framed. The unusual technique of extracting colors from vegetable and plant roots and metals.

Christmas Club check

SAN FRANCISCO - Christmas Club checks were issued by both the Bank of Tokyo and Sumitomo Bank last Friday. If checks have not been received within a few days after issuance, club members were advised to notify their respective banks immediately.

Minor crisis touches 1000 Club support of JACL national budget as "life member" reserve nearly depleted; suggestions made

One of the main supporters of JACL's program is the 1000 Club—the group of loyal JACLers who contribute \$25 a year. At the Detroit national convention, the national budget-finance committee asked the problems facing the 1000 Club and Dr. John Kato, a member of the committee, volunteered to review the subject in writing. While this problem may be "administrative" in nature, some policy questions are involved.

Summer, Wash.

It is now quite obvious that a minor financial crisis is about to befall the 1000 Club support of the national budget. It is not too late to adjust, rectify, and plan for the future continuous support of the national budget by the 1000 Clubbers.

The problem we are facing is the simplest term is that the reserve fund into which the Life 1000 Clubbers money had been placed is now just about depleted. Perhaps, "reserve fund" is the wrong term, but there is "account" held by the JACL. The \$250 that the majority of the Life 1000 Club members contributed last year, and \$200 that the total of 76 Life 1000 Club members contributed had been placed in a separate account, and because of the anticipated annual \$25 income in our budgetary account, the \$250 was used to cover the account for each of the Life 1000 Club members, for each about \$25. That account is now nearly depleted.

Problem, at Hand

Main problems that now exist are listed as follows: 1. Shortage of funds to pay for financial support from this source, unless a great many more new 1000 Club members are signed up.

2. There will be some financial liability connected with these 1000 Club Life membership: continued Pacific Citizen subscription especially where must be borne by the national organization. I am not saying that these loyal, generous JACLers do not deserve continued Pacific Citizen subscription, but only that this expense must be met while any income from these members will have accrued.

3. The 30-year accumulation formula which enables a regular 1000 Clubber to become a Life Member automatically after his 30th year, or on payment of any balance toward the \$200 membership of any part of his regular 1000 Club membership will only compound the problem as many of our long time 1000 Club supporters near 30th year of membership.

Immediate Proposals

Some suggestions of what need be done immediately: 1. Discontinue the 30-year accumulation formula for Life 1000 Club membership. A JACLer to become a Life 1000 Club member will be asked to contribute \$200 at that time, regardless of whether he has been a 1000 Club member for 15, 10, or any amount of years.

2. If enough money now remains in the "account" to cover the 1000 Club members of 1964.

Members joining since the date

were increased to \$200, it should be placed in a separate endowment type of fund.

3. The above member and all new 1000 Club "life membership" dues \$200 should be placed in this endowment type fund, and at least \$3 per year, and this money or the interest only whatever it may be applied to the national budget. The principal should be left with the problem as outlined above.

Long Range Proposals

Some suggestion of what could be done now or later: 1. All members of the Life 1000 Club that joined at the \$200 level should be contacted by the chapter and district 1000 Club chairman and made familiar with the problem as outlined above. These loyal supporters could then be asked to continue an annual support of \$25, or to enroll his or her spouse or some other member of the family in the regular 1000 Club or Life 1000 Club membership.

2. Chapters who have not been charging Life 1000 Club members or Regular 1000 Club members chapter dues can charge such dues to at least double the \$250 level. Pacific Citizens if they so desire. Remember, chapters with Life 1000 Club members are not required to charge dues, but \$25 once the account is depleted.

3. No rebates in any form should be given on Life 1000 Club membership dues. I realize that there are many who might be appalled to see such a rebate, I am opposed to rebates of any form.

4. This of course suggests that the Life 1000 Club membership dues on beyond the 20th year, 21, 22, 23, 24, etc. year. I am not sure of this suggestion.

5. All chapters and district council 1000 Club chairmen should strive to increase the number of Life 1000 Club members.

Random Thoughts

These are some of my random thoughts after listening to our National President, Kono Yoshikazu, our National Treasurer, Yone Sato, our National Director, Masao Sato, and our National Chairman, John Kato.

The only problem in planning this paper is the fact that you that might be contacted about this problem can now start picking my suggestions apart, adding and deleting ideas so that you can workable plan to keep our finances out of trouble.

Let us now prepare ourselves for the result of my premise to get such a sheet out to each of the district council chairmen at the Detroit Convention.
