PSWDC not glad

Continued from front page

To Ms. Huthakwa, in reply to her letter of March 19, and in response to the recent letter to the editor, which I believe is from a member of the Japanese American Citizens League, I feel compelled to express my concern regarding this organization.

Ms. Huthakwa is a member of the San Francisco chapter of the JACL and I believe this chapter is the only one that has a formal chapter in PSWDC. I am not aware of any other chapters in PSWDC.

The recent letter to the editor by a member of the JACL raises a number of issues that I believe are important to discuss.

First, I would like to address the issue of the JACL's stance on the siting of nuclear power plants. The JACL has consistently opposed the siting of nuclear power plants in Japan, and I believe this is a valid concern.

Second, I would like to address the issue of the JACL's stance on the treatment of Japanese Americans. The JACL has consistently supported the rights of Japanese Americans, and I believe this is a valid concern.

I believe that the JACL's stance on these issues is important, but I also believe that the JACL's stance on these issues is not supported by the majority of Japanese Americans.

I believe that the JACL should continue to support the rights of Japanese Americans, but I also believe that the JACL should be more careful in its stance on the siting of nuclear power plants.

A salute to Bill Yamashiro.

In the 15 years since he joined Cal-Western Life, Bill Y. Yamashiro has compiled a record of sales and service to his clients that is unequalled in our company's 64-year history.

As a part of Bill's achievements during that time is nothing necessary to his personal ability and his deep dedication to the principles of life insurance.

Because of his efforts, the sale of more than 2,000,000 policies at the rate of more than 25,000 per cent, he has qualified for the National Quality Award nine times.

He has earned the National Quality Award nine times.

By virtue of his accomplishments, he has been a consultant and life member of the industry's Million Dollar Round Table, for which he has qualified for 18 consecutive years. He is the only man in the continental United States who has qualified and maintained the Million Dollar Round Table for 18 consecutive years.

In competition with Cal-Western Life representatives throughout the 11 Western states, he has captured among our company's Presidents' Top Ten for 18 consecutive years and in 10 of those years (1974 being the most recent), he has ranked first.

During these 19 years, Bill has also qualified for many awards offered by the life insurance industry.

The date 1974, the place the ancient city of Fujioka, where the gods went to war with a conqueror.
