LETTERS FROM OUR READERS

Wendy Yoshimura

Dear Editor,

I am writing to express my concern about the recent events in Japan. The Japanese government has made decisions that are not in the best interest of their own people. The Japanese Way of life is being threatened by outside forces and it is important that we as a global community stand together to support Japan.

Sincerely,

Yoshi Yoshimura

When making a judgment, one must not forget that the Japanese are not alone in their situation. The world is currently facing a crisis, and it is important that we all come together to find a solution. The Japanese government is working towards a peaceful resolution, and we should support them in their efforts.

Sincerely,

Barrie W. Yue

U.S.N. Anti-Zion Resolution

The United Nations General Assembly recently passed a resolution condemning the Zionist movement. This decision is a step towards a peaceful resolution of the conflict in the Middle East. We should support the United Nations in their efforts to achieve peace.

Sincerely,

Use of ‘Nihigo’

In recent months, the use of ‘Nihigo’ has become more prevalent in Japanese media and literature. This is a positive development, as it allows for greater communication between Japanese and non-Japanese speakers. However, it is important that we do not lose sight of the importance of maintaining our own language.

Sincerely,

I remember when Pearl Har-
bour was worsted that I was
regretful for being too young
to be associated then as a
member of the JACL. I still
have no special weapons which
I can contribute to the cause
now. But I always think of the
people who contributed to the
cause in World War II. I feel
they are the ones who are
worthy of the recognition. I
agree with some of the letter
writers that more people should
be involved with the JACL.

6,500 men and women are going to find college a little easier next year.

It takes more than desire and intelligence to make it through college today. It also takes money. As Army ROTC, scholarships pays for books, lab fees, and tuition, plus $100 a month. Depending on the college and major selected, a scholarship can easily be worth $10,000 or more. And next year over 2,000 new one, two, three, and four-year scholarships will be awarded. Army ROTC offers other programs, too. If you have a son or daughter with college in mind, you're not lost. Look into Army ROTC. It pays in more ways than one.
