MARYSVILLE JACL

Community picnic draws 3,000

By GEORGE KONDO (NCWDC Regional Director)

The Marysville Chapter under leadership of President Bill Henry is planning an interesting calendar of events for 1976. He will be ably assisted by Bill Tsuji, Harry Fukumitsu and Shurei Matsumoto.

Over the years the Marysville Chapter has become the center of activities for Japanese Americans in the four county area. The JACL coordinates its schedule with the local Buddhist Church which plays a major role in the area. In addition to JACL's social events, scholarship programs, and cultural exhibits it sponsors a team in the Marysville City Baseball League.

The JACL annual Community Picnic is the social highlight of Japanese Americans in this rural region. In 1976, as in the past, the chapter will host the picnic which is enjoyed by its members and guests numbering about 3,000. Many valuable prizes donated by supporters are to be given to lucky winners.

In recent years it has addressed itself to social problems confronting all Americans, individually and collectively. Its members participate more aggressively in

A-BOMB ON JAPANESE CALLED 'FORTUNATE'

OTTAWA — The late William L. Mackenzie King's voluminous diaries were made public Jan. 1 under a law declassifying secret documents after 30 years.

Prime minister in Canada between 1921 and 1948, he wrote of the atomic bombing of Hiroshima saying, "It is fortunate that the use of the bomb should have been upon the Japanese rather than upon the white races of Europe."

But two days before the bombing, he had written: "It makes one very sad at heart to think of the loss of life it will occasion among innocent people as well as those that are guilty. It can only be justified through the knowledge that for one life destroyed, it may save hundreds of thousands and bring this terrible war quickly to a close."

New Japan envoy

TOKYO — Foreign Ministry adviser and vice minister Fumihiko Togo, 59, was appointed ambassador to the United States. The Prime Minister's Office announced Jan. 2 Togo succeeds Takeshi Yasukawa who returned for reassignment.

Communication

'75 membership goes over top

National JACL membership for 1975, as of Nov. 30, was 28,747—20 over the 1974 count. There were 26,112 regular; 2,424 in the 1000 Club; 190 student; and 21 other category members.

'76 scholarship program detailed

San Francisco — Deadline for application for one of National JACL's fifteen Freshman Scholarships for graduating high school seniors and four Collegiate/Graduate Scholarships will be April 1, 1976. Grayce Ueyehara, chairperson of the JACL National Scholarship Committee, announced this week.

Materials announcing the 1976 National Scholarship Programs were mailed out to the chapters.

The Majiu Uyesugi Memorial Scholarship was added this past year to be awarded from 1976.

This will be the first year for the top award of \$1,000 for JACL Scholar made possible by Mr. and Mrs. Takashi Moriuchi of Moorestown, N.J., who are members of Philadelphia JACL.

As during the previous awarding year, National Scholarships will be judged on the basis of high academic achievement, financial need, and extracurricular activities with community service.

District Judging

The preliminary judging will be conducted by eight district formed committees of JACL members who are knowledgeable about scholarship programs. Final judging will be completed by one of the district committees. Each district committee is chaired by one of the members of the National JACL Scholarship Committee.

Though there is no limit on the number of applicants from chapters or districts, chapters and scholarship chairpersons should explain to applicants the competitive nature of the JACL Scholarship Program.

Recipients are selected on the basis of academic excellence and achievement which includes submitting achieved grade point for 3 1/2 years of high school, College Entrance Examination Board and Scholastic Aptitude Test scores.

REEDLEY JACL

Scholarship, fiesta spark interest

By CHIE YOKOTA (CCDC Regional Secretary)

Reedley JACL was the 1975 Central California District Chapter of the Year under the able leadership of 1975 President Ken Sunamoto. Reedley had a busy schedule of year-around activities that made it worthy of this award.

With each Spring comes the annual Reedley Community Picnic. Everyone enjoyed themselves at last year's outing arranged by Pres. Ken Sunamoto and Ken Nishida. The picnics offer to all a chance to get out in the sun after a long cold winter. It was unseasonably so during the post-Christmas period.

Next comes the awarding of annual JACL Scholarships to high school graduates. Reedley High seniors Betty Sasaki and Colleen Kawakami

received scholarships and in addition several plaques were presented. Last year's successful event was under the co-chairpersonship of Larry Iwasaki, Dr. James Ikemiyama, and Dr. Akira Tajiri. The awards were presented at the Graduation Dinner which also featured square dancing.

Athletically, the JACL sponsors a baseball team in the Central Calif. Sasei League and helps send high school students to the Nisei Olympics in Northern Calif.

Reedley Fiesta

Each year JACL participates in the Reedley Fiesta in October. The food booth under direction of Rojean Kakutani and Ron Nishinaka was a big success. A first place winning float was also entered

CITY VIEW HOSPITAL

CLOSES DOWN ONE WARD

LOS ANGELES — City View Hospital, only Nisei-run hospital on the U.S. mainland, was among the 100 hospitals in Los Angeles shutting down part of their operation this past week.

Administrator Edwin Hiroto said its obstetrics department would be closed because of the exorbitantly high malpractice insurance premium now imposed. And doctors affiliated with City View, a non-profit organization, will not perform elective surgeries for the same reason.

HEW's own commitment to civil rights challenged

The blunt statement said that for several years HEW's civil rights policy has been "bankrupt," that its Office for Civil Rights has "no credibility among minority groups and that many department actions have shown "bad faith and lack of commitment" to the law.

Other signers included the American Council of the Blind, American Coalition of Citizens with Disabilities, National Education Assn. and the American Federation of Teachers.

Seven Main Charges

Specifically, the HEW and its civil rights office have been charged with: 1—Proposing a new procedure for handling civil rights complaints that would weaken enforcement by eliminating consideration of charges of bias lodged by individuals.

ORANGE COUNTY SCHOOL DEDICATED TO 442 HERO: SGT. KAZUO MASUDA

FOUNTAIN VALLEY, Calif.—When Kazuo Masuda grew up here before the war, the community was basically agricultural as was the rest of Orange County.

Today, urban sprawl has crowded past the upper half of the county. Fountain Valley, when it was first incorporated in 1957 and elected Jim Kanno mayor (he was the mainland's first Nisei mayor), sought to stem the housing spread into their rich farmlands.

Within the next decade, however, tract homes sprung up. The community blossomed with families and shopping centers. Same was happening throughout the county, the growth rate during the 1960s being one of the highest in the nation.

Ch'go JASC seeks federal housing for elderly Nisei

CHICAGO — The Japanese American Service Committee here submitted an application on Dec. 5 for a 100 pct. federal loan from the Dept. of Housing and Urban Development to construct a 240-unit housing project for elderly Nisei. It was announced by executive director Masaru Nambo.

While the response will not be known till spring, JASC was informed by housing consultant James Davidson that it needs to raise about \$80,000 "seed" money.

Concerned about the impending situation of Nisei in the next decade (through 1985), JASC at its special board in February, 1975, authorized a feasibility study for the need of a senior citizens housing for Nisei.

In October, the study was concluded with an overwhelming majority of respondents indicating the need of such housing in the Japanese community here.

With enactment of PL 94-116, the HUD Appropriations Act for FY 1976, JASC decided to apply for a 100 pct. HUD loan under Sec. 202 Housing for the Elderly and Handicapped.

JACLers question hiring practice within HEW-OE

LOS ANGELES — PSWDC Gov. Mike Ishikawa supported JACL regional director Craig Shimabukuro this past week (Jan. 8) who had urged the U.S. Office of Education in Washington to secure an Asian staff member with program responsibilities for its Region IX office in San Francisco.

Last Oct. 22, Shimabukuro had written to the White House, asking for an investigation because he felt lack of an Asian staffer reflected upon the government's intent or ability to relate positively to the educational needs of the Asian communities of Region IX.

Ethnic survey irks some UH teachers

HONOLULU—Some Univ. of Hawaii faculty members were unhappy about the ethnic background survey undertaken in compliance with state and federal requirements.

At the December faculty meeting, some admitted giving incorrect or misleading data. Some just marked "other". There were 14 choices offered:

Caucasian, Portuguese, Puerto Rican, Spanish, Mexican, Cuban, Central or South American, Black, Japanese, Chinese, Korean, Filipino, Hawaiian, part-Hawaiian, Samoan, American Indian, Alaskan Natives, and others.

Ishikawa revealed also Shimabukuro's oversight in not keeping Headquarters informed and for acting without proper clearance resulted in a reprimand.

Headquarters countered it is willing to meet with Region IX officials to resolve the matter of government responsiveness toward issues affecting minority groups before pursuing an investigation.

JACL-Blue Shield health plan marks tenth year of service to membership

SAN FRANCISCO—Organized in 1964 by the Northern California-Western Nevada JACL District Council, the JACL-Calif. Blue Shield group health plan completes its tenth year of service to JACLers.

First enrollment in the plan was taken in March, 1965, from 600 subscribers in Northern California. Five years later, chapters in Central California District Council joined the plan, followed by Pacific Southwest in 1970 and Intermountain in 1971. Today, there are some 4,500 subscribers in all, according to Frances Morioka, JACL-CBS administrator.

There is no broker of record for the JACL Blue Shield. It is managed by a volunteer Administrative Committee annually by the volunteer Chapter Commissioners. The JACL-Blue Shield Health Plan office in the National Headquarters building in San Francisco maintains the records and provides service to subscribers.

EDITORIALS

Recent polls have indicated a majority of Americans have lost faith in many of our country's basic institutions. As a counterpart to renew our spiritual resources to face the challenges ahead, John Eagleston and Phillip Scharper have woven a tapestry of passages and principles in their 195-page paperback, "The Patriot's Bible". From this, we shall in the remaining weeks of this Bicentennial Year carry excerpts under "Let Freedom Ring" to remind that the American Revolution is still unfinished.

Let Freedom Ring

Excerpts from The Patriot's Bible, Orbis Books, (\$3.95) Maryknoll, N.Y. 10543

From every mountainside, let freedom ring. And when this happens—when we let freedom ring, when we let it ring from every village and every hamlet, from every state and every city, we will be able to speed up that day when all of God's children, black men and white men, Jews and Gentiles, Protestants and Catholics, will be able to join hands and sing in the words of the old Negro spiritual, "Free at last! Free at last! Thank God almighty, we are free at last!"

JACL Will Not Be Intimidated

(Saburo Kido—Mar. 4, 1944: Timely Topics)

We hope to do our utmost to continue our flight to win all the rights that any American citizen is entitled to.

On the other hand, we sincerely believe that every Nisei must be willing to do his share. Unless a citizen retains his faith in his country, he is a lost soul. Violation of laws is not the solution. As the United States Supreme Court has said, one must discharge his duties and obligations first before he can ask for redress from any injustice.

The JAACL will continue to advocate policies which it believes are for the best interests of the Nisei's welfare and future. It will speak in behalf of its members, all of whom have taken an unreserved oath of allegiance to the United States. We believe we must keep faith with our members and other Nisei who are so valiantly fighting in the armed forces.

We will not be intimidated by any Japanese newspaper or through unpopularity created through such rantings. The Nisei have been placed under severe strain and test. If they come through as loyal citizens, their status in this country will have been built on a firm foundation. Even a rabid racist as John Lechner has been forced to concede that any Japanese American recognized as a loyal citizen should be permitted to return even to the Pacific Coast.

The future is in the hands of the Nisei. We believe our actions will demonstrate that our loyalty has not been impaired, even though untold hardships and mental sufferings have been inflicted through the Evacuation and life in the relocation centers. Once and for all time to come, the large majority of the Nisei will show where their loyalty lies.

LETTERS FROM OUR READERS

We have no way of knowing whether Mr. Owan, with the Bureau of Field Operations, Social Security Administration, Baltimore, Md., 21235, has extra copies available of his paper presented at the National Conference of Social Welfare in San Francisco in May, 1975.  Editor: The active and supportive role provided by JAACL in the Wendy Yoshimura case certainly reflects the leadership role of the organization in the community.

The unconditional acceptance of Ms. Yoshimura as a human being with an inalienable right for due process of the law reveals the humanitarian commitment of an organization-at-large can now relate to an example of true brotherly love.

"Tokyo Rose"
 Editor: I was just listening to the Jim Eason talk show today (Dec. 4) here on station KGO, and it was most interesting. A Mr. Tony Montaneri was on, has done years of research on "Tokyo Rose", and says that she was completely innocent of the charges brought against her.

Interestingly enough, many ex-GIs called in during the show and agreed with him that Mrs. Toguri did a great deal of good for the soldiers, with her broadcasts. One fellow mentioned that she warned of that their base would be hit the next day, which proved true.

 San Mateo, Calif.

SAN FRANCISCO — During the weekend the nation was reminded of the bombing of Pearl Harbor, Judy Stone's story of Mitsui Yashima in the Chronicle was carried by the press wire associations around the country.

Some headlines referred to her as "America's 'Tokyo Rose'" since she also made broadcasts in 1944-45 for the U.S. which were beamed to Japan.

Orange County JAACLer Ken Hayashi complained in a letter published in the Los Angeles Times Dec. 16, resenting a "Japan-born" "refugee" telling me that I should complain, but not so much about the treatment Japanese Americans experienced in "U.S.-style concentration camps" during World War II.

The Judy Stone story appeared Dec. 4. Since the Associated Press version quoted that part where she felt "criticism of the United States for putting Japanese Americans in camps during the war (was) exaggerated", Ms. Yashima on Dec. 20 expressed her shock and dismay in a widely distributed letter to editors. Here is her letter.

Ms. Yashima Letter
 To the Editor: I was shocked and dismayed by the sensational headline and by the misrepresentation of the statements attributed to me by Judy Stone in her interview of me which appeared in the Dec. 4 issue of the Chronicle. I enjoyed talking to Ms. Stone, who seemed friendly and understanding, but due to some uncontrolled and erroneous interpretations we made which I would like to correct.

The comparison with Tokyo Rose leaves the impression that I engaged in certain activities during the war for the sake of money. It is not a matter of nationalism. I am against militarism regardless of the nationality of the perpetrator. Therefore, during World War II I made some broadcasts in which I addressed Japanese women and urged them to flee to the safety of the countryside and acquainted them of my opinions concerning the activities of militarists who controlled Japan.

I was motivated by my sincere desire for peace and for a situation where my son (who was in Japan) and all children could live and contribute to the development of a new free society. The article leaves the reader with the impression that our ethnic minorities, and particularly the Japanese Americans, had nothing to complain about. That in comparison to the most infamous atrocities, the Japanese Americans were never treated that badly so they have no real complaints.

I would never excuse any kind of wrongdoing by merely pointing to someone else who committed a greater crime. I believe that whether it is our government or another government when the right is secret and unknown, everyone should protest. Therefore, it was not my intent to criticize the Japanese Americans for protesting their treatment during the war. The main issue is that racism should not exist in any form in a democratic society. The use of the atom bomb at Hiroshima was a tragic historical mistake which must never be repeated.

I sincerely hope this letter will remove any misunderstandings as we need to work together for peace and unity.

Worked for OSS
 Experiences of Japanese Americans during World War II with the U.S. Office of Strategic Services are still generally secret and unknown, but Ms. Yashima recalled here.

A young artist lives with her husband, Taro Yashima, in New York City when Japan bombed Pearl Harbor, she recalled the FBI offered to repatriate them but they declined, even though their son had remained behind with his grandmother in Japan.

Hired for six months (1944-45) by the hush-hush OSS (forerunner of the CIA), Ms. Yashima was sent to San Francisco to urge the women in Japan "to run away from the war effort" by radio. The broadcasts were recorded here and shipped to Salpan, where they were beamed to the Japanese mainland.

Ms. Yashima knew then and detested what Tokyo Rose was saying to American soldiers because "I thought—how could anybody help the Japanese Army?"

An anti-militarist, Ms. Yashima was the daughter of a shipbuilding executive, attended college where she was studying social science. When the course was outlawed, she joined a young Marxist study group in the '30s. As Japanese military aggression increased, she and her husband emigrated as art students to the U.S. and settled in New York.

Today, she lives alone in a small apartment in Bernal Heights, teaching art in the Japanese community and participating in a number of community activities. She has authored a number of children's books. She appears with her two children, Makoto and Momo, in the NBC-TV film, "Farewell to Manzanar", billed for showing in February or March.

I. Kurihara, Thomas Kurihara, Robert Inouye, Helen Nakamura, Hazel Isari, Kie Sato, Kie Maruyama, Harvey Ohmura, Tom Tsuruda, Kiyono Matsura, Harue Oshita, Frank Nakamura, and Charlotte Maruyama formally organized themselves as the Yuba - Sutter - Butte - Colusa (YSBC) Chapter of JAACL.

Its first president was Dr. Charles Ishizu, now member of the Oakland (Calif.) Chapter. Since its inauguration the name Frank Nakamura is conspicuous. Serving no less than seven years as its president before and after World War II Frank is still active in the Chapter serving as advisor.

In 1946 the YSBC Chapter was reactivated as the Marysville Chapter. The Chapter had hosted the Northern California District Council (which then included Central California) in May, 1939, and has since offered its hospitality many times.

And 1976 should be a good year for Marysville JAACL. The retention of its proven programs and addition of new ideas should create continued interest and growth in membership. The visual contribution of the Chapter to the community are the JAACL room in the Buddhist Church Annex and the 100 cherry trees by the banks of Lake Ellis in the City of Marysville.

into the parade. It was built under direction of Stan Ishii and Sam Nakagawa.

Realizing the importance and richness of Japanese American history, a course on Japanese American history was offered at the local Junior College and many members took the course. The course was taught by JAACLer Harvey Hanemoto.

In 1976 the Reedley Chapter will participate in Presidential Classroom for Young Americans by sending senior Judy Maito for a week in the nation's capital. Money for the scholarship was raised through the sale of PC Holiday Issue advertisement.

The Reedley Chapter is again looking forward to a prosperous year under its new slate of officers headed by President Roy Watari.

One can see that the Reedley Chapter is well-deserving of its Chapter of the Year award. The chapter is to be congratulated for continually offering a variety of services to its members and forever expanding their programs.

The Age of Speed

Denver reported the presidents of three neon sign manufacturing firms committed suicide and two other firms declared bankruptcy after their presidents disapproved. The Ginza Storeowners Association also is upset. It charges the ban against electrical signs is nonsense as they consume only 0.06 per cent of the power used in Japan.

—But those with money apparently are spending it. Some of the more expensive restaurants were advertising their Christmas and New Year's Eve dinners. Maxim's de Paris in the Sony Building was inviting reservations for Christmas at 20,000 yen (\$67) per head, tax and tip included. New Year's Eve dinners were slightly less expensive—only 18,000 yen (\$60). The Christmas menu was Medallions de Langouste du Manouche, Consume double a l'essence de Truffles; Coralin de Barbe souffle Valensole, Dinde rotie "Pays d'Auge" Ragout de champignons, Salade de Saison, Marquise glacee des Anges, Buche de Noel, Mignardises and coffee. Darned if I know what all that means.

—You've heard about wine-tasting parties in the U.S. of A. Well, they were advertising a whiskey-tasting in Tokyo. And if you liked the sample, you could pick up a fifth of name-brand Scotch or Bourbon for about \$20.

—Judging from advertisements in the give-away weekly paper called Tour Companion, night clubs are flourishing. Discotheque Mugen in the Akasaka district advertised "You can encounter charming girls with only 1,800 yen," (\$6) which turns out to be the cover charge. The Galaxy advertised it would give a free bottle of Cutty Sark to any "foreign couple or group visiting the establishment." You pay the regular cover charge of 800 yen per person, and you have to leave what's left in the bottle. Cutty Sark by the bottle normally costs 7,000 yen (\$23.33).

—The People Club features "splendid musical show, ballads and comic play being presented by Tokyo's selected gay boys." But for straights, there are "real girl hostesses to entertain you."

IMMEDIATE AGENDA FOR 1976

Washington

A good politician fulfills commitments. A bad politician makes promises which cannot be kept. My goal as your Washington Representative and in effect, your politician in Washington, is to fulfill the commitments made to you by the National Board and National Council.

In looking over this year's agenda, I see the Washington Office working on several projects to fulfill JACL commitments.

The Rice Production Act of 1975 which was endorsed by EXECOM and recently passed the U.S. House of Representatives by an overwhelming 311 to 104 must now pass the Senate. The Senate has the bill scheduled for the first week after returning from the Congressional Christmas recess. Hopefully, the bill will pass the Senate in the middle of January. With the active assistance by our office, another promise will be kept to JACLERS.

If the bill passes, it is not certain that lower prices will appear. However, it is certain that if the bill does not pass, rice production will decrease 40% and rice prices will double and increase approximately \$20-\$30 per hundred pound sack of rice.

Legislation to assist U.S. citizens and residents of Japanese ancestry who were victims of the atomic bombings of Hiroshima and Nagasaki is still dormant in the House Judiciary Committee.

After we talked with members and staffs of the House Judiciary Committee and assisted the Committee for Atomic Bomb Survivors to petition members of Congress, the Congress took no action. However, the commitment which was made by EXECOM to help the Committee for Atomic Bomb Survivors was fulfilled.

A meeting of the committee will be held in February to see what course of action should be taken next.

Another commitment which was made by the National Council is to seek redress for Japanese Americans who were evacuated during World War II. The Washington Office wants to fulfill this commitment.

However, before the commitment to seek redress can begin two things must occur. First, a financial commitment of enough money must be granted to carry out a national campaign. Secondly, the differing points of view by the interested parties must settle on one piece of JACL legislation. Hopefully, this will be done in June during the National Convention.

The Washington Office of JACL can't successfully fulfill all of the promises made by the National Board and National Council, but we can try.

I hope to continue to hear from the membership about upcoming activities. I need your input.

Each chapter president, national board member and staff, has been receiving a legislative newsletter from the Washington Office. If a copy is not available for you from your chapter president, please write to me to request a copy and also give me your comments. My address is: Washington JACL Office, 1730 Rhode Island Ave. N.W., Suite 204, Washington, D.C. 20036.
